555 Johnson Street - Victoria, B. C.

Positively, No Credit

DO YOU KNOW IT?

Now-a-days in Great Britain and the Continent not to know "Cordon Rouge", is to argue yourself unknown. The man who orders the finest of all brands of Champagne, G. H. Mumm & Co's "Cordon Rouge," proclaims at once his good standing in society—the society which, being the best, demands the best. "Cordon Rouge," vintage 1900, on account of its unapproached quality, exceeding purity and natural dryness, is now used at all the exclusive clubs, high-class banquets and first-class functions. This famous champagne is now recognized as the best in the best circles—known as a passport of healthful reliability. Nothing is too good for the people of B.C., they are sagaciously discerning. They will now have an opportunity of testing the unrivalled "Cordon Rouge" for themselves, as we have just placed in stock a fine consignment of this King of Wines, which will be listed at all leading hotels, bars and cafes. If your licensed grocer says he cannot supply you with "Cordon Rouge" for home use, kindly telephone us and we will gladly give you the name of a dealer who can. Pither & Leiser, Corner Fort and Wharf Streets.

BRIBERY DEVICE WAS INGENIOUS

Light Thrown on Conditions Existing in Printing Bureau At Ottawa Which Are Now Being Investigated

GOULDTHRITE PLAN OF GETTING RICH

Sales Agents Induced to Buy Stock in Merivin Baby Food Warmer, of Which He Was Owner

OTTAWA, June 30—A long story hangs on the Merwin baby food warmer, in connection with the recent startling revelation of conditions that exist in the printing bureau of the Dominion government—conditions that are said to become more bewildering as the investigation proceeds.

The Merwin baby food warmer is the key to the whole riddle of how Gouldthrite operated his system of receiving bribes. Many a sales agent has subscribed upwards of a thousand dollars for stock on the company promoted by Gouldthrite, known as the Merwin Baby Food Warmer Company.

Several years ago Gouldthrite invented an ingenious device for the keeping of baby food warm. After a time sales fell off, and then the idea of putting the invention to a greater pecuniary use seems to have struck him. The imaginary head office of the company was transferred to New York, a man put in charge as transfer agent for the stock books, and the sales of stock commenced. The price of food warmers became prohibitive, and the sales of the invention ceased altogether, but the stock sales became larger and more frequent.

Fire in Montreal

MONTREAL, June 30.—As a result of a fire at St. Mary street today four frame dwellings were destroyed and twelve families left homeless.

Calgary's Progress

CALGARY, June 30—Bank clearings for the month of June in Calgary show the gratifying increase of over 65 per cent., totalling $13,035,062. For the same month last year they were $8,175,535. Building permits also show a great increase over last year, 142 permits being issued during June, calling for the expenditure of $573,386.

WORDS OF PRAISE FOR ENGLISHMEN

American Naval Officer Makes Complimentary Speech at Celebration Commemorative of Sir Francis Drake

PLYMOUTH, Eng., June 30.—The officers and midshipmen of the American squadron now visiting Plymouth, attended the celebration yesterday in honor of the memory of Sir Francis Drake.

Replying to the toast of "The Visiting Squadron," Captain George R. Clark said: "I have noted with growing astonishment and admiration the Englishman's wonderful mastery over men. Wherever Englishmen go they stand for law and order, progress and civilization. Order comes out of chaos and the worst places are made glad. Americans are proud to claim relationship with such people."

BROOKENS' FEATS

Makes Another High Flight With Brother of Count de Lesseps As Passenger

MONTREAL, June 30—The feature today at the aviation meet was the flight of Walter Brookens, the Wright aviator, with Bertrand de Lesseps, brother of the count, as a passenger, lasting twenty-three and a half minutes and ascending to a height of 1,140 feet. It was the first time that de Lesseps had ever been up in a heavier-than-air machine.

William Jennings Bryan was an interested spectator. The Nebraska statesman is leaving for home by way of Chicago this evening.

The machine in which Count de Lesseps crossed the English Channel has not yet arrived from New York.

COBB BILL DEFEATED

New York State Assembly Votes Against Direct Nomination of State Officials.

ALBANY, N.Y., June 30.—The combined influence of President Taft, Theodore Roosevelt and Governor Hughes failed to save the Cobb direct nomination bill from defeat in the assembly today. After defeating a motion to defer action until tomorrow, the house voted by 86 to 25 to endorse the action of the assembly judiciary committee, which reported the measure adversely. The house then adopted a resolution providing for a sine die adjournment at two p.m. tomorrow.

BIG INCREASE IN BUILDING FIGURES

First Six Months of Year Establishes Remarkable Record —Over Million and a Quarter Mark.

All records for building activity were eclipsed during the first six months of the year. For that period the value of the buildings for which permits have been issued was $1,287,825 compared with $789,200 for the corresponding six months in 1909 and $520,780 for the same period in 1908. The increase this year to date over the same time a year ago has been no less than 64 per cent, indicating the remarkable growth in building activity and the increase in the population and material prosperity of the city.

These figures do not include those for buildings erected in Oak Bay, Esquimalt or that portion of Saanich adjoining the city which include what may be termed Greater Victoria. In those sections the building activity during the year has been pronounced and the aggregate value of buildings erected there is also largely in excess of a year ago.

Permits for buildings valued at $312,600 were issued in the month just closed being the greatest amount in any month this year.

Yesterday the permit for the Y. M. C. A. block to be erected at the corner of Blanchard and View streets at a cost of $85,000, was issued and greatly swelled the month's total. This and the permit for the new Sayward block at the corner of Douglas and View streets were the two largest items of the month.

The monthly returns for the year to date compared with the same months in the two previous years were as follows:

Month.	1910.	1909.	1908.
January	$128,985	$ 78,080	$ 54,375
February	151,700	132,630	74,325
March	211,740	121,610	110,800
April	132,110	188,060	129,625
May	257,200	188,620	79,595
June	212,600	90,120	74,060
*Total	$1,287,825	$789,200	$520,780

*Six months' total.

Work on the erection of the new Y. M. C. A. building will be commenced at once. The structure will be an exceptionally handsome one with every convenience needed by the many members of the Association. It will be four storeys in height with basement and will be thoroughly modern in construction. H. S. Griffiths prepared the plans. The contract for construction has been awarded to J. L. Skene & Co.

MAY BE REFERRED TO HAGUE TRIBUNAL

Question of Canada's Sovereignty Over Arctic Territory —U. S. Officials Refuse to Discuss Matter

WASHINGTON, June 30.—The state department refuses to confirm the rumor that the United States is contesting Canada's sovereignty over certain portions of Arctic territory. This is a matter which will possibly be brought up before the court at The Hague, and in the meantime officials here do not desire to discuss it. It is acknowledged, however, that there is some likelihood of the matter being discussed in connection with the Newfoundland fisheries question, which is now before The Hague tribunal.

PRAIRIES ENJOY HEAVY RAINFALL

Reports From Nearly All Parts of Country Show That Refreshing Showers Have Come to Help Crops

LOW TEMPERATURES ALSO REPORTED

Damage From Hot Spell Is Thought to Be Confined to Few Districts — Farmers Much Encouraged

WINNIPEG, June 30.—Crops in one or two districts have been slightly singed by the hot spell, but taking all around, it is declared by those in a position to know that there is nothing to cause any uneasiness.

Last night's showers proved a fine tonic to lift the fears from the minds of the farmers. Early today the three railway companies sent out queries regarding the downpour all over the West, and the answers are favorable. From what has been received by the C. P. R. there was rain last night north of Calgary and along all branches thereabouts, while heavy showers drenched the country in the Outlook and Eortal sections in Saskatchewan.

In Manitoba there is also cause to be grateful, for there were heavy rains everywhere excepting on the main line east of Brandon.

Very heavy showers are reported from the north, and the temperature at North Battleford today is only 58 degrees. Farmers around Edmonton are in a state of high glees, many showers having made the necessary saturation to the soil during the past couple of days. There is no return of great heat in the north country around Edmonton, today's barometer showing a record of only 55 degrees. Rain has fallen at all points along the main line in Alberta. Around Brandon and vicinity there is nothing to complain of, terrific showers falling all night.

The Grand Trunk Pacific Railway country evidently came in first for the refreshing rain, for in the district around Melville there was an abundance of rain on Tuesday night. Other reports received today were of an encouraging nature.

Rev. Dr. Sutherland Dead

TORONTO, June 30.—Rev. Dr. Alex Sutherland, missionary secretary of the Methodist church in Canada, died this afternoon, aged 77.

LEVIATHANS FOR CUNARD COMPANY

Proposal to Build Sixty Thousand Ton Vessel for Atlantic —Great Mersey Dock Is Planned

LONDON, June 30—With the news that the Mersey dock and harbor boards have decided to commence the construction of a new dock, comes the announcement that the Cunard company proposes building liners of sixty thousand tons each. The new dock will be large enough to accommodate these vessels. The quay will be suitable for liners of one thousand feet in length. There will be deep water entrances so as to avoid delay in docking. The work, which is to be carried out by contract, will be commenced in a few weeks, and it is expected to be finished in three years.

CANADA'S SENTIMENT

London Daily News Seriously Comments on Admiral Douglas' Curious Statements.

LONDON, June 30—The Daily News scouts Admiral Douglas' statement that many Canadians favor the Dominion's annexation by the United States. "We believe that this idea is practically dead, that the developments of our time are all against the probability of a new nation, with nothing to complain of, deliberately severing its connection with our historic centres of civilized life. Canadians are not in love with what they know of the national life of the United States. They may get on well with Americans better than they do with many Britons, because they have failed in every attempt to make a place for themselves at home, but national preference is a thing beyond all this. True enough, American citizens are pouring into Canada; true, also, that they become the best citizens, but what is not true is that they form a political force against allegiance to the British Crown."

Harvard Commencement

CAMBRIDGE, Mass., June 30.—The first commencement at Harvard University under the direction of President Lawrence Lowell came to an end today with the annual meeting of the University Phi Beta Kappa fraternity, which had Governor Charles E. Hughes, of New York, as its orator at the public exercises.

NO PAPER TOMORROW

The staffs of all departments of the Colonist will observe the holiday today. In consequence no paper will be issued tomorrow.

Insurgents Capture Post

BLUEFIELDS, Nic., June 30—The government customs house at Pearl Lagoon was taken last night by rebels under General Magis. The officers in the customs service were captured, as was General Matuty, who was formerly associated with the revolutionary cause. The fighting lasted twenty minutes, and the total casualties were said to be fifty.

Toronto Exhibition Finances

TORONTO, June 30.—Judge Winchester's report on the investigation of the affairs of the industrial exhibition association was sent to the mayor this afternoon. His honor enclosed a cheque for $250.50 from Col. J. Knox Leslie, the former treasurer of the exhibition association, being the balance due out of a sum of $5,230.10 due to the association by Col. Leslie. This was in addition to the former shortage of about $10,000. The judge recommends that all the checks be counter-signed by the president, and that greater care be taken by the executive committee in the expenditure of money. He recommends a better system of keeping the accounts, and he severely criticizes the special auditors appointed by the city.

GRAIN COMPANY GETS STEAMERS

Alberta Pacific Elevator Concern Will Have Its Own Line on This Coast—Buys Lonsdale and Georgia

CALGARY, June 30.—Another proof of the possibilities of the western route for handling a portion of Western Canada's grain comes in an announcement of L. P. Strong, manager of Alberta Pacific Elevator company, Calgary, who has returned after a month spent on the Pacific coast. While there he was successful in forming a new steamship company, which purchased the steamships Lonsdale and Georgia from the Canadian Mexican company, also buying in London two large freighters, which will arrive on the western coast next November or December. The company has invested $500,000 in the enterprise.

It appears from the action of Mr. Strong that the Alberta Pacific Elevator company, which is the largest grain company in Alberta, will in future ship its grain on the Pacific in the company's boats.

HIS HEAD CUT OFF

Paris "Apache" Who Murdered Police Officer Guillotined—Violence of Mob.

PARIS, June 30.—Liabeouf, the "apache," who killed a policeman several months ago, was guillotined at daybreak today. The socialists had attempted to get a reprieve for the assassin, but failed, and a violent demonstration by socialists and revolutionists occurred at the scene of the execution. At the very moment the blade fell, several rioters fired revolvers. The police charged them repeatedly with bayonets. A police captain was shot in the throat, and several persons were badly injured. Great crowds gathered in the boulevards fronting the Santo prison to witness the execution, but they were kept back from the guillotine by heavy details of police and municipal guards.

Jealousy Causes Murder

MONCTON, N.B., June 30—As a result of jealousy over his attentions paid to a woman James Powers, 23 years old, was struck and killed at the McDonald farm, six miles from here, by Thomas Connelly, a fireman on the Intercolonial Railway. Connelly gave himself up. The murder occurred at a dance, at which there was a general carousal. Men and women were well supplied with liquor.

CUSTOMS REVENUE BREAKS RECORDS

Returns for June Amounts to Nearly Three Hundred Thousand—Revenue From Head Tax.

The customs returns for the month which closed last night will amount to close to $2,300,000, being much in excess of any previous month. The amount collected in duties up to Wednesday night was approximately $1,850,000, as compared with $107,322.82 for May.

During the month just closed no new Chinese were landed at Victoria than at any time since the head tax was imposed a few years ago. There were 310 newcomers from China and in all $153,040 was contributed to the customs revenues by Chinese.

WILL ADJOURN UNTIL NOVEMBER

Premier Asquith Announces That Recess of Parliament Will Commence About End of Next Month

NEXT YEAR'S BUDGET IS INTRODUCED

Deficit Is Wiped Out and Small Surplus Is Expected for the Coming Year—No Reduction In Whiskey Tax

LONDON, June 30.—In the commons this afternoon Premier Asquith announced that the government proposed to adjourn parliament at the end of July, and that it would reassemble in November. The 11th and 12th of July, he said, would be devoted to the second reading of the women's enfranchisement bill.

Chancellor Lloyd-George then introduced the Budget for 1910-1911.

The chancellor had no novelties to offer in this Budget. He took an optimistic view of the future, despite the fact that he had to find the revenue to meet an increased expenditure. For the £200,000,000, or, to be exact, £198,930,000, the chancellor figured a total revenue of £199,791,000, leaving a surplus of £861,000.

The chancellor was cheered when he stated that he had already wiped out the deficit and that everything pointed to a better outlook in trade. The greatest increase in the expenditure was for the navy, which was £5,550,000, the total under this heading amounting to £40,000,000.

The chancellor announced that there would be no reduction in the whiskey tax, despite the increase in revenue from this source of $1,100,000. The decrease in consumption of ten million gallons of whiskey, he said, conduced to the well being of the people. Drunkenness in Ireland and Scotland had decreased immediately to a great extent after the increase in the tax, and the chancellor said that the man who would reduce the tax would be guilty of a crime against the state.

There is increasing impatience among Liberals at the prospect of prolonging the veto conference for several months. The Radical group yesterday passed a resolution urging the Premier to forward the conference on the ground that delay is perilous to the popular cause. The chief whip received the delegation with the resolution, which eventually was not presented.

DANCE IN SALOON WITH FIRE BELOW

Dangerous Situation for Passengers on Board Philadelphia Steamer—Vessel Returns and All Are Landed

PHILADELPHIA, June 30.—The Merchants' and Miners' steamship Grecian, which left this port yesterday afternoon for Boston with more than 100 persons on board, returned here today with a serious fire in the hold. Eighty of those on board were passengers, mostly all from Philadelphia, and they were safely landed. Captain Briggs called the crew to fire quarters and began pumping water into the hold. After the passage out to sea and he was abreast of Cape May, the fire appeared to gain headway, and the captain decided to return.

Everybody was at last called on deck and the excuse was given the passengers that the steamer was returning because of disarranged machinery. While all hands were on deck with their baggage a woman passenger learned the real situation, and there was considerable excitement among the passengers. Their fears were quickly calmed however, and they were induced to return to the saloon. The captain suggested that they amuse themselves. Somebody started playing the piano and others arranged a dance.

With the fire burning fiercely in the hold and the ship running full speed toward Philadelphia, the more daring of the passengers danced to the lively music of the piano. Signals were displayed and Philadelphia fireboats were at the pier when the Grecian arrived. The passengers were calm on arrival here, and left the burning ship without confusion. The flames in the hold were drowned out during the day.

Twelve firemen were overcome by smoke, but were revived after being brought ashore.

Mr. Roosevelt Invited

ST. JOHN, N. B., June 30—Mr. Roosevelt has been invited to open the Dominion exhibition here.

Bank Merger

HALIFAX, June 30.—Royal Bank auditors are now at work on the books of the Union Bank of Halifax preparatory to the merger of the Royal Bank and Union Bank, and on their report will depend the basis of settlement. The Union has 37 branches in this province, thus giving the Royal a total gain of thirty branches in Nova Scotia.

PROMOTION EXAMS RESULT ANNOUNCED

Opening of Annual Long Vacation Today—Closing Exercises Held in Many City Schools

The long vacation in the public schools of the city commences today. Yesterday was closing day, and with it came the announcement of the standing of the pupils upon the year's work. The examination results and the honor rolls were read and distributed and the term's work brought to a close.

Closing exercises of various descriptions were held in many of the schools. These were attended by members of the school board, the parents and friends. Songs and recitations were delivered and the teachers in many instances received a just meed of praise for the showing of their pupils.

HEARS EVIDENCE ON SERIOUS CHARGE

Captain Gaudin Investigates Complaint That Officers of Petriana Ignored Distress Signal

Captain Gaudin, agent of marine, has been conducting an investigation concerning charges made against officers of the steamer Petriana of having ignored signals of distress made by two miners who were adrift on a raft in Portland Canal recently. The men were from a wrecked launch and were on a raft when the steamer Petriana passed. The miners, who afterwards reached Port Simpson after suffering considerable hardships, complained that they hailed the Petriana and received an answering signal from the deck, but instead of stopping to rescue them the steamer proceeded on her way. The mate of the Petriana stated that he had been on deck and had heard the hail from the raft. He had in consequence ordered the engines slowed down. He waited for some time, but as he did not hear any further hail and was unable to see anything in the darkness he ordered steam and the vessel proceeded. The evidence taken has been forwarded to Ottawa by the agent of marine.

PLAINTIFF GETS PRIORITY OF OPTION

Point of Law in Trial of Croft vs. Whiting, Dunsmuir et al, Determined by Chief Justice in Favor of Plaintiff

The case of Croft vs. Whiting, Dunsmuir and others, the trial of a claim for damages amounting to $1,600,000 has been adjourned by consent until after the summer vacation. The parties agreed however before vacation to argue the question of law as to whether the defendant Whiting was entitled to the registration of the option he had deposited in the Land Registry Office before plaintiff had deposited his option plaintiff holding the first option. The matter was determined by Chief Justice Hunter yesterday morning he holding that Whiting, Dunsmuir et al were not entitled to register their option prior to the registration of the plaintiff's option.

It was alleged in the original suit for damages that the defendants, Dunsmuir, Whiting, Perry, et al, persuaded some of the owners of the land in question to break their contract with the plaintiff and give a second option to Whiting which he attempted to register before the plaintiff's option was registered.

Messrs. E. V. Bodwell, K. C., Frank Higgins and Knox Courtenay appeared for the defendants; Mr. W. J. Taylor, K. C. representing the plaintiffs.

NORTH SAANICH IS DEMUNICIPALIZED

So-Called Corporation of District Never Had Legal Existance According to Supreme Court Ruling

The result of an application yesterday in the supreme court before Chief Justice Hunter was in effect that North Saanich Municipal corporation never had legal existence. Quo Warranto proceedings against one of the councillors were before the court charging that the defendant assumed the office of a councillor, as of a municipal corporation, for the district without any legal warrant or authority.

In March, 1906, the lieutenant-governor in council issued Letters Patent incorporating the district and its inhabitants as a municipality, the boundaries being given as embracing 11,000 acres. As that is just five and a half times as much land as the law allows to be included in the incorporation of a municipality where a townsite exists in the area and no town lots have been sold and registered in the names of 20 different owners, and as Sidney is a town of many lots and almost as many owners so the size of a municipality including Sidney is limited to 2,000 acres.

The Municipalities Incorporation act in reference to the incorporation of district municipalities states:

"No land which has been subdivided by survey into town lots and a map of which has been filed in the land registry office of the land registry district within which the proposed municipality is situate where the records of such land registry office show that not less than 20 lots have been disposed of and that not less than 20 different owners are registered as purchasers shall be included within the boundaries defined in the Letters Patent incorporating a district or township or municipality unless all the conditions and provisions of section 8, with the exception of subsection (c) thereof of this act have first been complied with."

One of the provisions of the section 3 mentioned, irrespective of subsection (c), is that:

"The land referred to in the petition and which may be included in the municipality to be created shall not exceed cover, or exceed, a area of 2,000 acres."

The chief justice declared the defendant disentitled to exercise the office of councillor for the district, as a municipality did not exist there. The court suggested that the defendant having acted innocently and this being a test case the applicant might well waive all claim for costs and penalties against the defendant, and the relator consented.

The supposed municipality of North Saanich is stated to be free from debt. It is understood that proceedings against each of the other persons assuming to act as a council for the district may be taken.

The Squamish Indians have signed an agreement permitting the Howe Sound-Pemberton Valley and Northern Railway to traverse their reserve on Squamish Island.

DOMINION DAY

Forty-three years ago the Dominion of Canada came into being. It was largely in the nature of an experiment. Several things contributed to bringing about the union of the four original provinces. Among them was a desire on the part of the Maritime Provinces to strengthen their commercial position, which had been greatly weakened by the expiry of the Reciprocity Treaty of 1854. Another was the wish of those provinces to secure rail connection with the provinces of old Canada. Another was the anxiety of the public men of the Old Canadas and the British Government to provide some sort of a counterbalance between Upper and Lower Canada. A few prophetic souls foresaw in a union of the provinces the foundation of a new nation, which under the British flag might attain great renown. The first step towards union was taken by the provinces of Nova Scotia and Prince Edward's Island, and a conference was held at Charlottetown for the purpose of considering the terms under which the three governments might become one. Before the deliberations were concluded the project of a wider union was launched by what was then the government of Canada, and after a great deal of discussion the confederation was consummated, although Prince Edward's Island held aloof. Within a short time the Hudson Bay Territory was acquired by the newly-formed Dominion; then Prince Edward's Island and British Columbia threw in their lot with it, and we had a Canada stretching from ocean to ocean.

Possibly no better idea can be formed of the status of the Dominion than is afforded by the fact that the British Government undertook to guarantee the bonds issued for the construction of the Intercolonial Railway, for it was thought to be doubtful if the credit of the Dominion would be good enough to enable it to raise the money. Nowadays private individuals go to the money centres and raise money freely for all manner of undertakings in Canada, and the Province of British Columbia feels strong enough financially to give its guarantee for a greater sum of money than it was proposed to expend at the outset upon the Intercolonial.

In the forty-three years that have passed the Dominion has grown vastly, otherwise than territorially and in wealth and credit. It has grown nationally. It has assumed the functions of a nation. Those who recall the debates in the confederation campaigns will remember that there were some timid people who feared that the establishment of the Dominion would mean the early severance of the tie which bound British North America to the United Kingdom, and there have been times since when well-meaning patriots held the mistaken view that the autonomy of Canada was inconsistent with British connection. But all persons now see how mistaken were such ideas. They have seen the ties between the Dominion and the Empire strengthened, so that today there is more faith in the permanence of the Imperial fabric than there has been at any time.

Canadians have nothing to be ashamed of as they look back over the record of the past forty-three years; that is if they consider the progress of their country and the part it has played in the affairs of the world. We do not say that there have not been some things which we all could wish had been otherwise; but on the whole the progress has been rapid and along lines that make for permanent prosperity. We look forward to the future with a livelier hope than we have ever felt. We all realize that the country has just fairly found itself. It seems as if the lesson of Dominion Day ought to be that our duty as Canadians is to cultivate the higher patriotism, to learn that there are better things than party success, to unite heart and soul in the development of a Canadian spirit which will be satisfied with nothing short of the elevation of the Dominion as to its proper place within the Empire.

ANOTHER PARK.

We are in sympathy with the proposal that a suitable area shall be purchased and set apart for a park somewhere near the intersection of the Cadboro Bay and Oak Bay roads. The reasons why we take this position are that the citizens need open spaces in the city. What we have in mind, and what those who petitioned for the park have in mind, is not a very large area, but one of moderate size. Every city ought to have such places. For a large part of Victoria and for people in the whole city who can afford the time and can find it otherwise convenient to go there, Beacon Hill park is an excellent institution and no one can place too high a value upon it. The North Ward park is also well placed, is of great present value and will be more valuable in the future. The city park at the Gorge will be very valuable by and bye, but as yet it is not much used. There is on Pandora avenue a fine triangular space that could without much expense be converted into a nice little park. Victoria West and the part of the city lying around Oak Bay junction are without these public places. We think in fairness to the citizens of those localities the lack ought to be supplied. If we are to have these open places in the city, now is the time to provide them. Land will never be any cheaper than it is now, and is certain to increase in value. If we do not provide the parks now, we will either have to do without them or be prepared to pay a pretty round sum for them.

Such places are needed. They are needed as play grounds for children, so that the little folks can be kept off the streets. They are needed for mothers who wish to take or send out their babies for an airing. They are needed by young people as resorts where they can meet each other and enjoy the benefit of fresh air and pleasant surroundings. Workingmen and men of business need them so that they can have places where they can go alone or with members of their families when the day's work is done and spend a pleasant hour. We hope the City Council will lend a favorable ear to the request of those who have petitioned for the establishment of a park somewhere in the vicinity mentioned in their request.

THE CONFERENCE OF 1911

Some attention is being paid in England to the Imperial Conference to be held in 1911. Mr. L. S. Emery recently read a paper before the Royal Colonial Institute in which he took the position that this Conference ought to be presided over by the King and that it ought to provide for the separation of "the office of Minister of Imperial Affairs from the administration of the Crown Colonies and Dependencies." For the King to preside at such a conference would be a departure of the most novel kind, although we expect it would be very much to the taste of His Majesty George V., who is nothing if not an ardent Imperialist. Mr. Emery's second suggestion is tantamount to a proposal that a new department of state shall be created, and we look upon this with a good deal of favor, but principally as a means to an end. We should regard it as a preliminary step to an Imperial Administration, charged with subjects of such a nature as made them of importance to Affairs, and apparently would have each self-governing Dominion appoint a Minister for Imperial and External Affairs, and apparently would have them in constant consultation with the British Minister of Imperial Affairs and with each other. We quote the following from the summary of Mr. Emery's paper published in the London Times:

He had more than once laid stress on the importance of any body which deliberated on Imperial affairs being in close touch with the citizens of every part of the Empire and in a position to give effect locally to its recommendations, and it was for that reason that he believed the development of the Conference system was likely to lead to far better results than the creation of any specially nominated or elected advisory council. The prime ministers attending the ten Imperial Conference should each be accompanied by a deputation or delegation of members of parliament, who would meet together, with a similar delegation from the United Kingdom Parliament, to discuss the resolutions arrived at by the Conference which would then be submitted to them for their approval. Once committed to those views by speech and vote, the delegates would not so easily be tempted to turn round under the influence of local prejudices, or of considerations of personal or party advantage, when they returned. The introduction of parliamentary delegations would, of course, be a very distinct departure from anything that had been done so far. Experience had shown that such departures were often best made where there was some other reason for making them besides the actual business which it might be desired to forward. Why should not the Coronation of King George be made the occasion for calling together representatives of all the free Parliaments of the Empire to attend the formal inauguration of a reign destined, they all believed, to be of such momentous significance for the whole future of the Empire? Once such an assembly of parliamentary delegations had met, its usefulness as an adjunct to the Conference would immediately be recognized and before long the Conference and the assembly would constitute a deliberative body not very far removed from a true Parliament of Empire.

Lord Milner spoke after the paper had been read. He urged the common control of all matters that were common to all parts of the Empire, and pleaded for the establishment of the best intelligence Department in the world. The opening part of Mr. Emery's paper is thus summarized:

Mr. Emery, assuming that Imperial unity and not disruption was desired, laid down, as the first and most essential condition, equality of constitutional status. The partnership must be a true partnership, not an arrangement based on subordination. That arrangement, whether embodied in a written Constitution or in the general consent of the partners, must find expression through some common organ for consultation and decision. A single foreign policy for the Empire and a single Administration for the conduct of that policy were indispensable. There must also be a common policy of defence by sea and land. Centralization under a single Admiralty or War Office was not indispensable, a single organization — Imperial Defence Committee, Imperial General Staff, Imperial Admiralty — was. It followed that there must be some body representative of the citizens of each partner State to which the Foreign Minister and his subordinates should be responsible, which should exercise control over the Imperial Defence Committee and the General Staffs dependent on it, and which, last but not least, should decide the extent to which each partner should contribute to the upkeep of the whole.

Lord Milner says that the British Empire has nearly reached the limit of expansion, and that its duty now is one of organization. This is very well put.

The uniform to be worn in the Canadian Navy will be the same as those worn in the Royal Navy except that the buttons will bear the maple leaf instead of laurel leaves.

The people of Kamloops are somewhat agitated over a report that the Canadian Northern is going to abandon the Fraser river route for one over the Hope Mountains.

A "dirigible" is said to be under construction in England for the purpose of making a trans-Atlantic voyage. John Bull, he ain't been sayin' much, but he has been a doin' things jest the same."

Even the worst prophets of evil have had to keep silent now that a splendid rainfall has occurred all over those parts of the Prairie Provinces where they have been saying the heat had destroyed the wheat.

The people of St. John, so says one of the newspapers of that city, are very hopeful that they will have the post office open on Sunday. As mails are to arrive on that day, why, they ask, should we not get out letters out of the office? Why not indeed?

The international yacht races will take place today, and the Victoria Yacht Club hopes that all citizens who have bunting to fling to the breeze will see that it is hoisted. This is a suggestion that ought not to be necessary on Dominion Day, but some of our friends think it is, and so we make it.

We are sorry to read of "knocking" on the part of some of the new towns in the Central Interior against each other. There is plenty of room on the map for them all and plenty of development in sight to make them all prosperous centres. Necessarily some of them will be more important than others, but neither of them is benefited by decrying any of the other places.

The practice of "the third degree" by the police in Ottawa having been brought to the notice of one of the judges, he took occasion during the course of a trial to say "those charged with administring the high duty of criminal justice should refrain from plying prisoners with questions, visiting them in custody, and taking an unfair advantage, as was the case with the prisoner."

Mr. J. P. Mann has retired from the post of City Solicitor. The Colonist has never hesitated to criticize the acts of the Solicitor whenever it thought they needed it, but it has no hesitation in saying that Mr. Mann gave his best energies to the discharge of the duties of the office, was industrious, painstaking, and on the whole a very useful official. We wish him every success.

The charges on sleeping cars are under discussion. The railway people say that they lose on the cars. That seems an extraordinary contention. Possibly the cars do not pay their own way, but neither does a locomotive. On the other hand the railways could not do busines without the cars any more than without locomotives. The maintenance of Pullman cars, should be charged up to the general disbursements of the lines, and not set apart as a service by itself. An ordinary sleeping car is a pretty poor sort of a thing anyway, and the companies ought to be thankful that the traveling public has not long ago demanded something better.

We have seen it stated in a New Brunswick paper that four life-sized full-length portraits, that are hung in the Legislative Building in Fredericton, have been discovered to be of great value. The portraits are of King George and his Queen, Lord Sheffield and Lord Glenelg. The two first named are the work of Sir Joshua Reynolds, and the others are by famous artists. They are splendid productions, and are said to be priceless. This is hardly a "discovery," for it has been known for a long time that these portraits were exceedingly valuable. It may interest New Brunswick readers to know that the portrait of Lord Sheffield was found in an attic in Government House some years ago, and that it bore marks showing that it has been used as a target. The story told at the time was that the sons of Lieut.-Governor Manners-Sutton were the youths who tried their skill in shooting on his lordship's portraits.

A crown timber office has been established at Revelstoke, in charge of R. J. Watson.

The big water tower to supply the Edmonds section of Burnaby is nearing completion. It will have a capacity of 1,500 gallons.

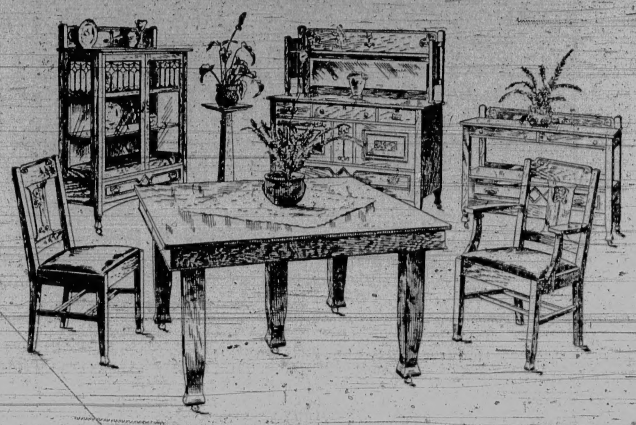

The Wattsburg Lumber Co., which recently was reorganized as a modern co-operative concern, is surveying ronds to tap fifty million feet of choice timber in East Kootenay.

STORE CLOSED TODAY. OPEN TOMORROW (SATURDAY) 8 A.M.

How is the Dining Room

LET US IMPROVE IT BY ADDING SOME OF THESE

It's nice to have the "most used" room—the dining-room—furnished comfortably and attractively. And it isn't a difficult matter, either, if you choose wisely.

We have done much to make the choosing easy for you—we have gathered together one of the most complete and comprehensive displays of dining-room furnishings ever attempted in the West.

Everything necessary for the proper equipment of this room is to be found here. Furniture, Carpets, Curtains, Tableware, Silverware, Cutlery, etc.—all are here in excellent variety.

Come in and see the showing.

Choose From These Dining Tables

An Excellent Choice of Extension Tables Priced From $7.50

You must admit the importance of the dining-room table. Not only is it necessary for the "spread," but it is the chief ornament of the room—at least it should be. And it is, if it has a stylish top. What is more admired in the dining-room than the beautiful top of a good dining table?

We want you to come in and see the splendid tables we are showing on our fourth floor. There's a wide variety of styles—round and square tops, in pedestal and regular styles, and in several woods and finishes. You'll find your table in the lot. Prices are easy.

Golden Fir Extension Table, from	$7.50	Early English Oak Finish Extension Table	$15.00
Solid-Oak, Golden, Extension Tables, from	$12.00	Early English Solid Oak Tables, from	$25.00

PLEASING BUFFETS

—In Both Design and Easy Price

Chic styles in buffets and sideboards are ready for you here on our third floor. Come in and see a wide variety of styles in both the Mission and golden oak styles, and see also some rich sideboards in mahogany.

If you are one of the many who admire the Mission style dining-room, we suggest that you inspect our showing of buffets in Mission design. We have the chairs to match and the carpets and hangings, too, and no other store in the city is so well equipped to "fix up" such a room as is this.

Buffets—Golden oak finish, from	$25.00
Buffets—Solid oak, golden, from	$32.00
Buffets—Mission oak finish, from	$25.00
Buffets—Mission solid oak, from	$30.00
Sideboards, golden elm, from	$15.00

TRY THESE CHAIRS

In Your Own Dining Room

You want more than mere appearance in a dining-room chair. You want something that'll "stand-up" to lots of strenuous service—a staunch, strong chair, that is also smart in design.

We believe that our dining-room chairs combine these desirable features with a fairness of price that makes them the ideal chairs for your dining-room.

We want you to come up to our fourth floor and see a splendid variety of styles. Dozens of samples await your inspection on this floor—come in and see them.

Golden Finish Dining Chairs, from	$1.00
Golden Oak Finish Dining Chairs, from	$1.75
See the Leather Upholstered Early English Solid Oak Chair at	$4.00

Your Dinner Service is Ready

Choose It From This "Hundred Patterns"

Yes, your dinner service awaits you here. No matter what you may desire in pattern or price, you'll find your ideal among these "hundred odd" patterns we show. Do you realize what a big choice almost a hundred different dinnerware patterns mean to the homekeeper looking for a dinner service?

It means one important thing, and that is—there's no such a showing offered in any other Western establishment. Best makes are represented—

HAVILAND, AHRENFELDT, LIMOGES, WEDGWOOD, ROYAL SWEDISH

And products of other famous potteries. The prices are decidedly interesting—starting as low as $7.50.

Don't miss the "stock" patterns. There's more than a dozen "open stock" patterns from which to choose.

Carpets and Curtains for the Diningroom

Though last on this list, the carpets and hangings are by no means the least important item in the proper furnishing of the dining-room. It is essential that you have these to harmonize with the other furnishings, and there's no place where the choosing is so easy as here.

Easy to get your size, easy to get your style, easy to get your price from among the splendid assortment of carpets and squares we offer. In curtains and draperies we show by far the most interesting collection in B. C.

Choose these important items from our stock.

Laighows, Mr. J. Spencer Rogers, Mr. H. K. Ditcher, Mr. C. H. Nickolson, Mr. F. A. Richardson and Mr. H. Swinford.

BANQUET MR. VEITCH

Sergents Mess of Fifth Regiment Honor Popular Officer on Occasion of His Departure.

Last night at the Dominion hotel the Sergeants of the Fifth Regiment, C. G. A., tendered a banquet to Capt. T. D. Veitch, paymaster of the regiment, who is leaving in a few days for Halifax, N. S., and is severing his connection with the regiment.

Covers were set for thirty and an informal toast list was tendered which the soldiers and officers there assembled did justice to in true soldier fashion. After the toast to the King Captain Veitch was proposed by Toast-Master MacDougal. In moving it he said that during the past two years since Capt. Veitch has been connected with the regiment he had always acted as a gentleman and as a soldier. He was always willing and eager to share in the advice of the sergeants and always got on well with all those with whom he came into contact. The business men of Victoria were losing a good man in Mr. Veitch, who has been manager of the local branch of the Royal Bank of Canada. On behalf of the regiment Sergeant MacDougal said that they would always be glad to see Capt. Veitch return to Victoria and see him again in a high position in the Fifth Regiment.

Captain Veitch on rising was greeted with a rousing reception. He bemoaned the fact that he was not a good speaker, but no man in Victoria could express the ideas which he desired to express in regard to the kind treatment which he had always received at the hands of the sergeants of the Fifth Regiment during the period of his connection with the regiment, and for the hearty manner in which they had drunk his health. He expressed his delight for the consideration which they had shown in remembering Mrs. Veitch and his children, the little Veitches. Although his future residence would be on the other side of the continent, he would always remember not only the officers but also every man of the whole three companies. He has always had the pictures of the sergeants hung in his den and not a day in the whole year passes but what he takes a glance at this, and the same will be the case when he has removed to Halifax.

When he first came to this city he met Colonel Currie, and with him discussed the probability of his joining the regiment. Colonel Currie told him to come along and gave him the glad hand, but when he found the pressure of business duties too much for him to hold the position he had to be satisfied with to fill the position as his spare time would permit him. He was glad to have been a member of the Fifth Regiment and also to have been an officer of No. 4 company, and on severing his connection with them he could not but help feeling sad. During the time he has been in the regiment he has profited very much. Captain Veitch praised Colonel Currie in the most laudatory terms and congratulated the regiment on account of having him at its head.

In concluding he said he would always look forward to the time when he will return to Victoria, which he hoped would not be far distant, when he will again become connected with the Fifth Regiment.

Three rousing cheers were given for him on concluding.

THE BEST "APENTA" NATURAL APERIENT WATER
BOTTLED AT THE SPRINGS, BUDA PEST, HUNGARY.

LISTEN TO THE RAIN

Listen to the Rain!
Hear the merry sounds it makes
As it falls and slides and shakes
From the eaves into the street,
Where its million tiny feet
Hurry, hurry past the door,
Followed by a million more!

Listen to the Rain!
How it gurgles with delight,
Hurling from its dizzy height,
Falling straight and falling true,
Faster now and louder too—
Yet the rain drops and small
Cannot keep the pace at all!

Listen to the Rain!
Ah! it's angry now—I fear
It's a scolding voice you hear!
How it scolds the drooping trees,
How it scolds the languid breeze,
How it scolds the birds, poor things,
For the dust upon their wings!

Listen to the Rain!
If you listen hard you'll hear
How the skies grow cool and clear,
How the primrose lifts her head,
How the mountain brooks are fed,
How the earth grows sweet again
With the coming of the Rain!

—St. Nicholas.

THE DAISY FIELD

A field of daisies white and green,
The fairest thing my eyes have seen
A field of daisies that the sun
In silence lays his lips upon;
It is a pleasant place to play
From dawn to dark on a summer day,
Till the mower with a frown
Comes and cuts the daisies down.
O happy daisies, men have sung
A thousand years the fields among,
Have looked and loved and longed and dared,
While you their joys and secrets shared,
Nor you nor they have turned to see
The mower toiling ceaselessly.

Come, my beloved, it is day,
The mower still is far away.
Fear not—yet though we wander far
To lands where strangest wonders are,
To lands that only lovers see,
The mower strides as fast as we.

Fear not, for we shall dreaming lie
'Neath daisies, 'neath a summer sky
Hearing life's murmurs overhead,
(Who knows what is it to be dead?)
Talking of all that we have seen,
Up in the world of white and green,
And maybe, with a bated breath,
Saying, "'Tis life we fear, not death."

—Sylvia Lynd.

Ralph Smith's violent and partizan attacker upon Chief Mine Inspector Shepherd are taken by the Ladysmith Chronicle as indicative that a federal election is near at hand and the sitting member for Nanaimo is in fear for his seat.

YOUNG'S JULY SALE

NEWS OF THE CITY

Band Concert Today.

A band concert will be given this afternoon at 2:30 o'clock in the North Ward by the Fifth Regiment band.

Court Vacation

During the court vacation months of July and August, following the usual practice, the legal offices of the members of the Victoria Bar will be closed at 4 p.m.

Annual Flower Service

The annual flower service at the Provincial Royal Jubilee Hospital will be held on Sunday at 3 p.m. The Dean of Columbia will take charge of the service, and special music will be rendered.

Will Purchase Water Meters.

The streets committee of the city council has decided to purchase fifteen one-inch and five hundred five-eighths-inch Trident meters at a cost of $2,390 for the water works department.

Stewart Mining Recorder

The appointment of Mr. Conway, of Prince Rupert, to fill the newly created and important office of mining recorder at Stewart was yesterday decided upon by the provincial government. Mr. Conway will proceed to his new field of duty and enter upon his work immediately.

The Police Court

In the city police court yesterday morning Alexander Owen pleaded guilty to a theft of six fountain pens and a quantity of underclothing from the Dominion Express Company on May 21st. He was sentenced to six months' imprisonment, three months on each charge.

Will Lay the Dust.

Ten tons of calcium chloride has been purchased by the city and will be experimented with as a layer of dust. Complaints long and loud of the prevailing dust nuisance may now be satisfied. Esquimalt road, Cook street and that part of Fort street between Oak Bay avenue and the Royal Jubilee hospital will be first treated.

Accidental Death

The coroner's jury, which yesterday morning investigated the facts of the death of Peter Petersen, who was drowned on Tuesday morning by the upsetting of the canoe in which he and F. Richardson were seated off Macaulay Point, returned a verdict of accidental death. The inquest was held at the provincial police headquarters.

Fruit Inspector for Prince Rupert

Mr. J. H. McLeod, acting appraiser of customs at Prince Rupert, has been appointed a Dominion fruit inspector for that port on the same conditions as those which have governed the appointments of officers of the customs at Nelson and Grand Forks. This arrangement has worked very well for the enforcement of the Fruit Marks Act in relation to imported fruit.

Injured His Knee.

Mr. James R. Stewart of "Allingham," Esquimalt road, about 6:30 last night met with a painful accident, while he was engaged in running his motor launch in the inner harbor. He was endeavoring to land near the buoy where he anchors his boat and was trying to stop the engine, when part of the mechanism of the fly wheel flew off and struck him on the knee, fracturing his knee cap. He was removed to the Jubilee hospital where Drs. Fraser and Ernest Hall operated on the injured limb last evening.

St. Marks Garden Party

The ladies of St. Mark's Church held an enjoyable garden party at the residence of Capt. P. Elliston on Tuesday. A large number attended. The ladies of the congregation held a sale of work, and there were the usual fish ponds and other attractions. Included in the programme was a dialogue entitled "The Crystal Gazer," acted by Miss Elliston and Mr. Downton. As a result of the garden party the sum of $136.85 was collected, this constituting a record for the ladies' Aid of St. Mark's. The committee in charge wish to heartily thank all who aided in making the event so successful.

Will Not Impose Penalty.

The city will not impose the penalty of $10 per day, which it has the right to do under its contract with the Victoria Machinery Depot company, to which was awarded the contract for the supply of brass fittings. The goods should have been ready for delivery some time ago, but the contract stipulated that they should be manufactured in the city. The company was thus forced to put in a brass making plant and delay in getting necessary parts held up delivery of the goods. In view of the fact that an up-to-date plant of this nature has now been installed, something which did not exist here before, and because the delay has not affected civic interests, the penalty will not be exacted.

Work on Power Plant

The B. C. Electric Company is making rapid progress on the new Jordan river plant. About 420 men are now employed. Good work on the construction of the flume had been done, a mile of railroad has been built and the roadbed graded for another three miles. The site for the power house has been cleared and the excavation for the foundation done. The camp site has been located and cleared. The sawmill recently erected is now turning out about 20,000 feet of lumber per day for the various works in which lumber is required. The rate of progress on the plant has been such that the company's promise that power would be available for use by the middle of December will be fulfilled.

Due to Natural Causes

That death was due to natural causes was the verdict of the coroner's jury, which investigated the circumstances surrounding the death of Yomotaro Nakabayashi, the Japanese who was found on Wednesday morning lying dead on the doorstep of his shack on the Tillicum road. The testimony of Dr. Hapty, who performed the post mortem, showed that death had ensued from the rupture of a blood vessel in the left lung, which was badly affected with tuberculosis. A hemorrhage had resulted, which proved fatal. The testimony of Henry Stevens, who discovered the body about 8:30 o'clock Wednesday morning, and of M. Okada, a Japanese, who last saw the deceased alive on the night of Tuesday night completed the evidence.

THE WEATHER

Meteorological Office, Victoria, B. C., at 8 p. m., June 30, 1910.

SYNOPSIS.

The barometer remains high along the coast and showers have been general in the State of Washington and in Cariboo and Kootenay, and heavy rains have fallen on the Northern B. C. coast. The weather is generally fair and warm in the prairie provinces, accompanied by local thunderstorms.

Start on Yates Street Work.

After a delay extending over many months the city has decided to commence the work of improving Yates street between Douglas street and Blanchard street. Eighteen months ago the owners petitioned for a pavement, together with other improvements, a lighting system, etc. Now tenders will be called for the laying of the concrete base for the pavement, the work of laying the blocks to be done by the city.

Saucy Sparrows Assail Terrier

Homeward bound pedestrians on Yates street, between Broad and Douglas, at 6 last evening witnessed the unusual spectacle of a pair of courageous little sparrows (evidently filled with parental anxiety for their fledglings) attacking an Irish terrier, of whose inquisitive explorations they were apparently in fear. The dog belonged to Mr. J. A. Anderson, late deputy minister of agriculture, and was not once but repeatedly assailed by the cheeky little feathered arabs, which in turn would flutter above it, occasionally darting down to peck at the surprised terrier. When the dog would swiftly pursue one of the pair its mate would attack from the rear, thus diverting the enemy. It was the dog which tired first of the game, in which (the dog being no aerialist) the birds had all the better of the argument.

OBITUARY NOTICES

Peterson.

The funeral of the late John Peterson took place yesterday afternoon from the parlors of the B. C. Funeral Furnishing company at 2:30 p. m. The Rev. W. Schoener conducted appropriate services at the parlors and also at the graveside at Ross Bay cemetery, where interment took place.

Nakabayashi.

The funeral of the late J. Nakabayashi, the Japanese market gardener, who was found dead on the doorstep of his shack on Tillicum road, South Saanich, on Wednesday last, will take place on Saturday morning at 11 o'clock, from the parlors of W. J. Hanna, where the services will be conducted under the auspices of the Japanese Methodist mission.

In consequence of injuries received while he was working for the Diplock-Wright Lumber Co., H. J. Russell has obtained $1,000 damages and all hospital expenses from his late employers.

COUNCIL FIXES YEAR'S TAX RATE

Twenty-Five and One-Half Mills on the Dollar Decided Upon—No Reduction in Improvement rate.

This years tax rate will be 25½ mills on the dollar compared with last year's rate of 26½ mills. Also 50 per cent of the assessible value of improvements was fixed as the proportion to be taxed. The amount of revenue to be raised by the tax on land and improvements is $679,850 and a rate of 25½ mills will produce this amount and leave a small margin for improvement contingencies.

The city council in special session last night decided upon the above rate and did so too with but very little discussion. The feeling of the members of the board was that while it would be satisfactory to reduce the tax on improvements as much as possible yet unless last year's proportion was maintained the rate would have to be so increased as to put Victoria far up in the scale of taxation. If no tax were put on improvements but instead land values were solely taxed a rate of 31½ mills would be required. To tax but 25 per cent of improvement values would necessitate a rate of 28 mills, while to tax lands and 50 per cent of improvements at the rate fixed would produce the revenue.

AMUSEMENTS

Majestic Theatre.

The pictures procured by the managers of the above theatre for today and tomorrow are the best shown for sometime. First comes "Ramona," an adequate dramatization of Helen Hunt Jackson's most romantic novel. It was written primarily to show the injustice of the white man to the Indian. The picture follows the novel closely, going as far as to reproduce the actual scenery, where the story was laid, a picturesque town in Ventura county, Cal. The love story loses nothing of its power in the picture, and one wants to do something to help the unfortunates whose property is destroyed, whose land is taken and who are persuaded and driven even farther into the wilderness. It shows graphically the injustice which preceded the settlement of a considerable proportion of the United States.

"The Divers Romance," an unusual subject showing deep-sea diving scenes, which were posed by actual divers. All the paraphernalia and accessories are correct, and the pictures were made from careful descriptions of divers long in the work and are as acurate as possible. The story is one of jealously and the cutting of the air-tube and life-line of one of the divers, leaving him at the bottom of the sea deprived of air and unable to rise because of his leaden shoes and weighted belt. A submarine placing harbor mines in practice work, comes upon the scene and the diver, who leaves the submarine to plant a mine comes upon the unconscious form, before it is too late and rescues the unfortunate man. The picture is, in reality, a strongly educational film, affording an opportunity to see divers at work and acquire an understanding of their methods. "After Many Years," a story from the Civil war, and other pictures, make a very elaborate show.

Romano Theatre

At the above theatre on Friday and Saturday there will be shown one of the most thrilling and most intense dramas ever put on a moving picture screen. This film is an Imp release, and is entitled "The Brothers' Feud."

The little god with the darts and heart quiver, Cupid, has perpetrated some dark deeds on his journeys amongst men, and even here we are brought to a scene of carnage wherein he sets brother against brother for the hand of a girl. The Civil War is on, and one of the Howard boys, Jack, is an officer in the Union Army. He and his younger brother, Harry, who is a West Point cadet, are so much in love with pretty Emily Woods that they have grown to hate each other bitterly. They do not conceal their enmity even in front of Emily, who does everything in her power to alleviate matters. Suddenly there comes a proclamation from the President that all cadets on furlough are to report for war duty, and Jack's luck is to be enlisted in the same regiment and under his brother Jack. Jack is hard and vindictive, and one of the first things he does is to make the lot of his brother a hard one. When he orders him to polish his boots Harry promptly refuses, and when there is no other soldiers around both men engage in a violent quarrel. Words grow more bitter, and Harry, although he realized that his brother had the upper hand as far as rank was concerned, suddenly springs on Jack. They struggle all over the tent, but Harry proves the stronger and finally succeeds in tying his brother up and leaves the tent. Meanwhile their mother is at home in bed, dangerously ill. When the doctor finally pronounces her beyond his aid, Emily and her sister, who have been attending her faithfully, write a note to Harry in the vain hope that he might be able to let his mother see her baby boy before death. When the letter reaches camp, however, the cadet has disappeared and Jack gets it. Being an officer he has no difficulty in departing for home at once. But when he arrives and steps into the bedroom he is astounded to find his brother already there. For a moment the two men face each other like tigers, but Emily and her sister speak softly to them and they both drop over the feeble form of their dying mother. With her last strength she takes each of their hands, and, counselling brotherly love as her last wish, closes her eyes in the slumber that knows no awakening. The film which takes second place is a new release Pathe film de art. This picture is a moral lesson for all men who have left their wives for the sake of another woman who they think is a little better, but who, on the other hand, may be a great deal worse, as shown by this fine picture. It is entitled "Two Portraits." A celebrated artist has just finished the picture of his pretty wife whose delicate state of health necessitates a quiet home. In spite of his fondness for his wife he cannot hide the pleasure he finds in the company of her so-called friends, and one day as he starts out automobiling with this woman his wife is overcome and dies from heart failure, and her little daughter is left with nothing but the portrait of her mother to comfort her. Three months later the painter is the accepted suitor of his dead wife's friend, and on his easel her portrait takes the place of his dead wife's, which, on the request of the child, has been removed to her room. Shortly before the marriage, however, the painter discovers that she is a coquette, and she afterwards breaks off the engagement. Disillusioned and angry he snatches up a knife to cut the portrait into shreds, but feeling a gentle touch on his arm he looks down and sees his daughter, who, drawing aside the curtain, reveals the picture of her dead mother. The painter is taken with remorse and with bitter self-reproach he clasps his child in his arms and vows never again to forget the memory of his dead wife. The other films include a fine educational film entitled "Elephants in India," and shows these magnificent animals doing work that man cannot do in the way of lifting huge logs. Also "Double Sight," comic; "A Prince's Word of Honor," "Very Fine," "No Followers Allowed." The Chronophone talking picture machine will render the famous song hit "Because I'm Married Now," in a pleasing manner. The Romano orchestra will furnish the music for the pictures. Following are some of the selections: "March, "Free Lance"; waltz, "Russian Nights," selection from Faust; serenato, by Moskowski; march, "Her Majesty the Queen"; "After Sunset," intermezzo.

At Pantages Today

The Lewis and Lake company in the merry musical comedy production "A New York Girl," is offering patrons one of the prettiest as well as amusing entertainments presented here in a very long time. Spectacular electricity and scenically, while the chorus is all the term implies made up as it is of pretty, shapely singing and dancing girls. Dainty Marjorie Lake, the magnetic soubrette of the company, is no stranger to Victoria audiences, having been a local favorite three seasons ago during the engagement of the Lewis and Lake company at the Victoria Theatre. Miss Lake in playing the name character in this week's offering and amongst the several excellent singing and dancing numbers she introduces with the chorus, her electrical swing creation presents one of the most beautiful stage pictures ever seen here. "When Chloe Sings a Song," by the prima donna, Miss Hazel Morris, is another one of the big hits of the show, while the straight character work of Harry Lewis and the comedy characters of Max Ascher, German, Thomas J. Mack Irish and David Meyer, Hebrew, are all good, and it is a very enjoyable show.

GETS HUNDRED DOLLARS DAMAGES

Judgment in Suit of Oliphant vs. City of Victoria in Which Plaintiff Claimed $25,000

Judgment in the case of Oliphant vs. City of Victoria was handed down yesterday morning by Mr. Justice Gregory, the plaintiff being awarded $100 damages. The case was a claim for $25,000 damages against the city for the flooding through sewer pipes and surface water of premises owned by the plaintiff. No decision was given regarding the question of costs the parties being required to file authorities.

OWNERS TIRED OF CONTINUED DELAY

Fort Street Proprietors Appeal to Council to Explain Why Improvement Work Is Held Up

Property owners on Fort street between Douglas and Cook streets are thoroughly disgusted at the delay which had taken place in the scheme of widening and improving that portion of the thoroughfare. The members of the city council were so informed last night when a deputation of owners waited upon the council to seek some explanation for the delay in pushing ahead the scheme. Mr. Arthur Haynes declared that the owners were about tired of the delay and are anxious to know what is the reason therefor. The difficulty appeared to be over the request of the owners that the pavement cost be stretched over a term of twenty years instead of ten years, as is usually the case. Was there any reason why the cost should not be so apportioned, and if so, what?

Mr. Luxton believed to so assess the cost would make it much easier for the owners, who will be put to great expense through the improvement scheme. The owners understood that the council was averse to making the life of the work more than ten years. In Vancouver where block pavements are laid the cost of the concrete foundation is stretched over twenty years and the blocks, if they do not last out the full term are renewed at the expense of the owners. Such an idea could be adopted here.

Several of the aldermen wanted to know on whose advice the owners had asked for the twenty years' term. That was a mystery which had hitherto remained unsolved.

Mr. Luxton stated the city solicitor had so advised the owners, and this information drew forth some sharp remarks from the board, the members of which could not understand how the city solicitor, after for many years advising on local improvement works, and knowing that there are legal difficulties in the way of adopting any term of years greater than ten, should have advised the twenty year term.

Mr. Luxton stated that he had no doubt but that the owners would be willing to accept the ten year term if such had to be, but they did want the work rushed ahead. Some owners are waiting to build, but the city engineer refuses to give the street lines until the bylaw has been put through. The widening bylaw has already been passed and the owners failed to see why the engineer cannot give the lines, even if the necessary pavement and sidewalk bylaw has not yet been passed

Committee to Investigate

Finally Mr. Luxton and Alderman Bannerman were appointed to interview the city barrister and ascertain if the city engineer can properly give the street lines at present, and whether the city can adopt the ten year term without the owners' petition asking for the twenty-year term having to be resigned by the owners as amended. The deputation was composed of Messrs. Joseph Sayward, Arthur Haynes, A. P. Luxton, Dr. Fraser, and others.

The same deputation, representative of Douglas street property interests, submitted a petition asking that the proposed widening of the sidewalks on that street to a uniform width of twenty feet be amended by making the width sixteen feet. With the twenty foot width the roadway, with the two car-lines thereon, would be too narrow for safety.

The city engineer had recommended the greater width, but in view of the wish of the owners the council decided to cut it down to sixteen feet.

After the deputation left, and the council adjourned, a meeting of the streets committee was held, when the engineer submitted a report showing that the cost of the sidewalk widening on Douglas street will be greater with the sixteen foot sidewalk than with one of twenty feet, the extra pavement which will have to be laid with the narrower sidewalk making the cost greater. His figures were: With the sixteen foot walk, wood block pavement, 17,116 lineal feet of curb and gutter, $786; moving eight telephone poles, $200; moving ten B. C. Electric company's poles, $250; moving one stand pipe, $10; total $10,592.

The cost, with the walks widened to twenty feet, including the cost of widening, will be as follows: 15,155 feet of sidewalk, $2,424; 4,330 ft. of curb and gutter, $2,381; moving 23 B. C. E. R. poles at $25, $575; one stand pipe, $10; one fresh water hydrant, $10; three salt water hydrants at $20, $60; moving fourteen telephone poles at $25, $350; dressing old curb, $100, dressing old walk, $196; total, $6,010.

In Woman's Realm

Here and There

Dr. Osler's statement that tuberculosis ought to be stamped out in three generations sets one wondering how this very desirable result is to be brought about. This is a matter in which women have a vital interest, there is no time to lose if the work is to be done, and if done at all, it cannot be accomplished without the aid of women. Rich women can give money and time, and nurse their services, but it is the mothers, the home-makers, who are most to be relied upon to fight the disease.

Is there any need for the people of Canada to be alarmed? No one who has ever lived on the Atlantic seaboard will hesitate to say that there is. It is different in the west. Yet there are not many, even in this province, who have not seen some young man or woman cut down in the bloom of youth or watched while a father or mother faded away from a helpless family. That as a people we need to be alive to our danger is shown by health statistics. There are approximately 12,000 deaths from tuberculosis every year in Canada. That is in our land of sunshine, fresh air and plentiful food the death rate from this cause is but little lower than in Great Britain, with its crowded cities and its poverty-stricken districts.

It has been proved in the mother country that sanitary improvements which force the people to observe the laws of health have reduced the death rate of tuberculosis from 34 to 18 per 10,000. This was before it was learned that consumption in its early stages could be cured, and before measures were taken to prevent contagion. In Edinburgh during late years when a vigorous anti-tuberculosis campaign was instituted the death-rate is said to have fallen from 19.5 to 11.7. In Germany, where the watchword is "No consumption in 1930," there are now fifty per cent. fewer deaths than there were twenty-five years ago.

Among measures recommended for the suppression of this disease by those who have given the subject most study are free hospitals for the poor and the spread of knowledge of the laws of health generally and of the way to prevent the spread of the disease. This teaching is done by nurses who are sent into the homes of the poor and in the schools. In Boston Emmanuel Church has undertaken the instruction of adult classes, and in Montreal similar work is done at St. George's.

But, it may be asked, why need the majority of women in this city and on this island trouble themselves to learn the best methods of treating patients suffering from this disease? The hacking cough, the heetic flush are not often heard and seen in our streets or public meeting places, children are healthy, and among the ills from which grown up people suffer, tuberculosis is uncommon. It is for this very reason that women should be watchful. The great majority of housekeepers here have no servants, and would bitterly resent the presence in their homes of a nurse who was sent there either by charitable societies or by the authorities. If there are not many cases of consumption here it is certain there are some, and equally certain that unless proper precautions are taken the germs of the disease will fasten on those who in a weak state of health are exposed to them. To guard against the danger of contagion in the homes where a loved one is suffering from the disease, to see that the patient receives proper food, lives in the fresh air, enjoys the greatest amount of sunshine possible and is so treated by every member of the household that the happiness upon which recovery depends so much will not be lacking, is the duty of mothers. All women should determine to support and carry out the regulations made by the health authorities for the disinfection of houses where tuberculosis patients have lived. Teachers, the majority of whom are women, can do a great deal by giving simple and practical instruction in the rules of health with special reference to the development and care of the lungs. If proper vigilance is observed, it ought to be possible to prevent consumption gaining any foothold on this island of ours, and, indeed, in the whole province. Our work is chiefly precaution rather than cure, but it is not, on that account, less necessary.

It has always been a matter of surprise to newspaper readers on this continent that the English papers which denounce the sensationalism of the American press, should publish divorce court proceedings with all their evil suggestions. Chief Justice Alverstone, who has had ample opportunity during the course of a long judicial career, of observing the effect of this publicity, has lately declared against it. The names of the guilty parties should, he believes, be published, but nothing more. In support of his contention he publishes a letter written by Queen Victoria more than half a century ago. It seems strange that public opinion should have permitted such abuse to which this good woman was so keenly alive. This is the letter:

"Windsor Castle, Dec. 26, 1859.

"The Queen wishes to ask the Lord Chancellor whether no steps can be taken to prevent the present publicity of the proceedings before the new Divorce Court. These cases, which must necessarily increase when the new law becomes more and more known, all now almost daily a large portion of the newspapers, and are of so scandalous a character that it makes it almost impossible for a paper to be trusted in the hands of a young lady or boy. None of the worst French novels from which careful parents would try to protect their children can be as bad as what is daily brought and laid upon the breakfast table of every educated family in England, and its effect must be most pernicious to the public morals of the country."

In all times, the dread of infection has made people cruel. Readers of Romola will remember how the Florentines fled from plague stricken houses leaving those who should have had the excuse that death was inevitable, and that by remaining they would be almost certain to fall victims to the same dreadful fate.

There are women in these days who, out of an imaginary fear, would suppress those demonstrations of affection which nature herself prompts. There are far worse things in this world than physical illness and the woman who does not show the outward signs of tenderness is but too apt to grow hard and unloving. Children, brought up where caresses are sparingly given, if at all, miss something of a child's birthright. The cool calculating nature, which for fear of the possibility of contracting disease would withhold from child or lover or friend the kiss which has from earliest ages been regarded as the seal as well as the symbol of affection, is not one to be admired.

The stones of old people who live to be over a hundred, which have overtaxed circulation and credence, are being discredited by many doctors in the United States. Dr. Woods Hutchinson has given the results of these observations and researches. He says that there have been but three centenarians in modern times. These are the Counties of Desmond, 106 years, Moses Montefiore, a hundred years and ten days. These were intelligent people who knew their own ages. Most old men and women, this writer thinks, have forgotten their years. This may not be thought very convincing. Except among the very ignorant, there are few who do not take careful note of time, and though those whose minds are feeble may forget, there are usually some who can supply the forgotten date.

But the testimony of insurance companies is more reliable. It is said that in the last 125 years no English company has paid a death claim on anybody more than 96 years old. In the United States only one policy holder reached the age of 96. It must be remembered, however, that insurance sixty years ago was a comparatively new and rare thing.

It looks as if there may be a controversy between Professor Metchnikoff and Dr. Hutchinson over this matter. Meanwhile the rest of the world will wonder whether it is worth while desiring to live on, after all whom we have known and loved will have passed from the world in which we still linger with benumbed faculties and weary, weakened bodies.

There is an excellent article on amateur nursing in the current number of Harper's Bazar. While there is much in it worthy of note the concluding paragraphs may be found specially helpful.

It is emphatically necessary that the amateur nurse should rest in any way her imagination can suggest to her, that she should snatch a precious five minutes for an alcohol rub, or bathe her tired, tired feet and put on fresh stockings and slippers; or talk to a friend for those five minutes, sitting down, with her feet up—and, above all things, to take care of her own minutes to eat, to sit down and partake of something that she really likes, if it be only bread and cheese and a glass of grape juice. She can do this, because it is not taking time from the invalid—it is taking time for the invalid; it is conserving all the strength and energy in her for the day when, God willing, it will be needed most of all. Hurried, cold meals and unsightly platefuls do not refresh. I knew a mother once who was adding care of a dearly beloved child through a long and severe illness. She managed to leave the room in the morning long enough to get down to breakfast and drink a cup of hot coffee and eat a roll and see the other older children for a moment before they went off to school. After that she could not leave the sick-room again usually until nine o'clock in the evening, or sometimes much later, when the child slipped off to sleep for a little while. During the day the mother would drink a glass of milk, or the like, at the door or that sick-room, for the child seemed to lose her grip on life when the mother's face was not to be seen, and no food would be brought in there. But in the late evening, when the child slept at last, the mother came out into the broad upper hall where the older children were waiting for her, and the Irish maid, whose warm heart went out to the little family, brought up the first real meal of the mother's day—something that she liked, that "tasted good." She took time to eat it, while the boys and girls clustered around her, and in low voices exchanged the heart-to-heart news of their divided day—all the funny things as well as the anxious ones. She did not say, "It makes no difference what I have to eat or how I eat it, or whether I hurry or not." She had imagination enough to foresee just how much difference it would make, whether her solely supporting strength held out or not. When that half-hour was over she was made over also new in body. Through the long convalescence of that lovely child she had the where-withal in herself for all that came on her—she never needed a rest cure afterward.

In the smaller ways it might be possible for the amateur nurse to send her imagination ahead of her with the tray which she arranges so daintily and appetizingly, and foresee the fact that even with that flower on the napkin, so often enjoined, with all her decorative care, the coffee or the tea or the broth always spills over on to wobbly arms, she's got it upstairs to the bedside. Everything looks so pretty when first arranged that she cannot imagine it in its after-condition. There are some of the sick to whom anything spilled over on a tray means the end of appetite. If a nurse had imagination enough to picture the after state of that tray, she would never go on spilling things day after day, with appropriate lamentations—she would put everything pourable and spillable in small pots or pitchers and if such small utensils be not plenty in the household, to establish in some way connection with the outside world, and by the expenditure of fifty cents get two or three more. And how much better is the fresh paper napkin than the half-soiled linen one!

I would wish that the amateur nurse, when he or she is not too ill, might have the imagination to realize how the little world of appreciation or approval hearkens the nurse. All is forgiven the invalid—ingratitude, complainings, uncontrolled temper and nerves, ceaseless and unnecessary demands for service. All the usual conditions of life are reversed. Henry or Edith is ill, and nothing is expected from him or her. But some, even in their most cramping bonds of serious illness, have been free enough in some portions of the soul to be kind—to express thanks for service rendered, pleasure in what it was so fervidly hoped would give pleasure. It is really as easy to say, "That looks so pretty; I wish I could eat it, as, "Why did you bring me that?" To the nurse these small sweetnesses make real little Places of Rest; they stimulate the imagination to fresh effort; they even momentarily ease those tired, tired feet that seem as if they could never be really comforted again.

HEAVY HOLIDAY TRAVEL TO VANCOUVER

Princess May Impressed Into Local Service to Aid the Charmer in Carrying Holiday Seekers.

The steamer Princess May was impressed into service last night to accommodate the heavy travel to Vancouver on account of the Dominion Day holiday. The Princess May and Charmer, both left well filled, and the steamer Princess Victoria took a large throng yesterday afternoon for the mainland. The Princess May will proceed from Vancouver to Ladysmith to coal, and will sail from the Terminal City on Saturday for Skagway and way ports. Victoria passengers will go by the steamer Princess Victoria on Saturday afternoon to connect with her. The steamer Princess Beatrice leaves Vancouver tonight for Stewart, and way ports, and passengers leave by the steamer Princess Victoria today to connect with her at Vancouver.

LOCAL BOATS IN PLEASURE RACE

Two Victoria Launches Will Compete in Event Finishing Here on Sunday—Complete Official List Entries

For the management of the annual international yacht races which open here next Monday, and for the entertainment of the thousand or more visitors who are expected from outside points, the arrangements are complete. The official programme will be issued tomorrow. On it will be shown a tabulated list of the events with the entries in each, the officials, the course and all other details. On Sunday afternoon the fleets from the various adjacent ports will arrive and be moored, the evening being marked by an informal reception at the local club house.

Perhaps the event which is most interesting Victorians at present is the finish of the 320 mile motor boat race, which takes place here on Sunday afternoon. Everyone possessing a "gas" boat, a yacht, or any other form of pleasure craft is planning to make a trip some distance out to meet the incoming racers. The scene presented by these sturdy and speedy motor boats coming up the Straits on the last few miles of their trip from Tacoma, via Vancouver, should be one of next week's most picturesque and thrilling incidents. This will be especially so if there happens to be a close run for the line.

Motor Boat Entries

In the official list of entries just to hand it is shown that there will be sixteen or more competitors, two of which are from this city, namely, the Jessie, owned by Messrs. Simpson and Greer, and the Petrel, owner, Mr. Burton. Both are powerful and seaworthy, being equipped with steady, reliable engines. They should make a strong bid for the highest honor.

The racers follow:

Limet, A. W. Le Page; Royal Vancouver Yacht Club, Vancouver, B.C.

Half Moon, Knox Wallace; Royal Vancouver Yacht Club, Vancouver.

Petrel, Van Alyk and Cross; Everett Yacht Club, Everett.

Sumner, George Sumner; Everett Yacht Club, Everett.

Alell, E. C. Hillson; Seattle Yacht Club, Seattle.

Wanderer, E. A. Salisbury; South Coast Yacht Club, Mexico.

Easthope, Easthope; North Vancouver Yacht Club, Vancouver.

Wando, E. H. McLellan; Tacoma Yacht Club, Tacoma.

Salmonero, E. A. Simms; Port Townsend Yacht Club, Port Townsend.

Marana, B. F. Jacobs; Tacoma Yacht Club, Tacoma.

Jessie, Simpson and Greer; Victoria Yacht Club, Victoria.

Petrel, Burton; Victoria Yacht Club, Victoria.

North Vancouver, McMillion; North Vancouver Yacht Club, Vancouver.

Soyan B. R. Lewis; Seattle Yacht Club, Seattle.

Narad, Dr. Coe; Tacoma Yacht Club, Tacoma.

Sacajewa, Dr. Dwight and Reed; Tacoma Yacht Club, Tacoma.

London Jockey Club.

HAMILTON, Ont., June 30.—The law firm of Bruce Brice & Co., have applied to the Dominion government for a charter for a new jockey club to be known as the London jockey club.

Prince of Wales Stakes.

LONDON, June 30.—In the Prince of Wales stakes run here today Ulster King captured first place, Moscato ran second with Admiral Hawke third.

Killed Herself and Child

NEW YORK, June 30.—Haunted by the terrible fear that she was going insane, Mrs. Jane Hodson gave cyanide of potassium to her two months' old daughter today, and swallowed a draught of the same poison herself. Both lay dead on the same bed when the husband came home tonight.

OTTAWA, June 30.—Ottawa has decided to put up a $700 cup for competition at the D. R. A. matches, to be known as the capital trophy.

STUDENTS HOLD HIGH REVEL

Annual Field Sports of Corrig and St. George Schools—Keen Competitions Entertain Large Crowds

The annual field sports of Corrig College took place yesterday at Beacon Hill, under most favorable circumstances. The weather was perfect, and the lovely recreation grounds fronting the college, with their background of golden gorse, has seldom if ever presented a more brilliant scene. The entries were many, and nearly all the events were well contested. Among the seniors the most successful in the aggregate points gained were: 1st, J. Fraser; 2nd, Aubrey; 3rd, W. Church. While those who led in the junior school were: 1st, Powell; 2nd, C. Church; 3rd, Yeomans. Especially praiseworthy was the vaulting of little Powell, who cleared about double his own height with very pretty action.

The results follow:

Throwing the cricket ball—1st, J. Fraser; 2nd, Aubrey; 3rd, Latimer, 87 1-2 yards.

100 yards, open—1st, Crulkshank; 2nd, E. Totty; 3rd, W. Church.

75 yards, under 12—1st, Byrne; 2nd, C. Church; 3rd, Yeomans.

220 yards, open—1st, Crulkshank; 2nd, Cowell; 3rd, Clever.

220 yards, under 14—1st, W. Church; 2nd, Hausman; 3rd, Powell.

150 yards, under 12—1st, C. Church; 2nd, Byrne; 3rd, Youmans.

Half mile, open—1st, Aubrey; 2nd, Harrison; 3rd, J. Fraser.

High jump, open—1st, J. Fraser; 2nd, P. Fraser; 3rd, Clover.

High jump, under 14—1st, W. Church; 2nd, Powell; 3rd, Clinton.

High jump, under 12—1st, Youmans; 2nd, C. Church; 3rd, McMillan.

Pole vaulting—1st, Powell; 2nd, J. Fraser; 3rd, Sommer, 6 feet 9 inches.

Long jump, seniors—1st, Aubrey; 2nd, J. Fraser; 3rd, Glover.

Broad jump, juniors—1st, De Vere; 2nd, Powell; 3rd, Hausman.

Hop, step, jump—1st, Fraser; 2nd, Powell; 3rd, Smith.

Three-legged race—1st, Jackson and Fraser; 2nd, C. Church and De Vere; 3rd, Powell and Hausman.

Sack race—1st, J. Fraser; 2nd, P. Fraser; 3rd, Sommer.

Sack race, juniors—1st, Hausman; 2nd, Burn; 3rd, Youmans.

100 yards (consolation) seniors—1st, Patrick; 2nd, Johns; 3rd, Latimer.

100 yards consolation) juniors—1st, McMillan; 2nd, C. Byrne.

Students of St. George school had a pleasant time on Wednesday afternoon, when their annual sports took place. There was a lengthy and varied programme and a large crowd turned out to witness the competitions. The complete results follows:

Flat race, for children under eight—1, Jim Hanbury; 2, Kathleen Pauline; 3, Katie Collinson.

Flat race, 8 to 12—1, Jack Meldran; 2, Ivor Lewthwaite; 3, Margaret McVittie.

Flat race, 12 to 14—1, Kathryn Bradshaw; 2, Violet Lewthwaite; 3, Beatrix Lees.

Flat race, over 14—1, Frances Cook; 2, Erminie Bass; 3, Dorothy McGillivray.

Egg and spoon race, under eight—1, Katie Collinson; 2, Laura Macklin; 3, Jim Hanbury.

Egg and spoon race, 8 to 12—1, Inez Lewthwaites; 2, Jessie Chetham; 3, Kathleen Muir.

Egg and spoon race, 12 to 14—1, Beatrix Lees; 2, Kathryn Bradshaw.

Egg and spoon race, over 14—1, Dorothy McGillivray; 2, Aimee Grogan; 3, Beatrice Cook.

Potato race, under eight—1, Jim Hanbury; 2, Kathleen Fraser; 3, Katie Collinson.

Potato race, 8 to 12—1, Jack Meldran; 2, Margaret McVittie; 3, Gwendolyn Humphries.

Potato race, 12 to 14—1, Virtue Errington; 2, Mary McBride; 3, Mildred McEachren.

Potato race, over 14—1, Gladys Piercy; 2, Beatrice Cook; 3, Aimee Grogan.

Relay race, under eight—Won by the team captained by Jim Hanbury, consisting of Allison Suttie, Kathleen Pauline, Albert Ermer.

Relay race, 8 to 12—Captain, Jack Meldran, Inez Lewthwaite, Gwendolyn Humphreys, Doris Macklin.

Relay race, over 12—Fifth form vs. Fourth form; won by former. Team: Captain, Dorothy McGillivray, Aimee Grogan, Ruby Rudolf, Erminie Bass.

Handkerchief race, under eight—Captain, Gwennie Hewes, Charlie Fraser, Douglas Muir, Katie Collinson, Beau Burdick.

Handkerchief race, 8 to 12—Captain, Jack Meldran, Inez Lewthwaite, Gwendolyn Humphreys, Doris Macklin.

Handkerchief race, over 12—Captain, Frances Cook, Virtue Errington, Beatrice Cook, Aimee Grogan, Edith Richardson.

Sack race, boys—1, Charlie Fraser; 2, Jack Meldran; 3, Bernard Lees.

Walking race, 12 to 14—1, Violet Lewthwaite; 2, Virtue Errington; 3, Kathryn Bradshaw.

Walking race, over 14—1, Erminie Bass; 2, Aimee Grogan; 3, Florence Munsie.

Three-legged race, under eight—1, Kathie Collinson and Nellie Bittancourt; 2, Kathleen Fraser and Laura Macklin.

Three-legged race, boys—1, Jack Meldran and Bernard Lees; 2, Charlie Fraser and Jim Hanbury.

Three-legged race, 8 to 12—1, Inez Lewthwaite and Gwendolyn Humphreys; 2, Winnie Lee and Helene Simpson.

Three-legged race, over 12—1, Florence Munsie and Beatrix Lees; 2, Virtue Errington and Violet Lewthwaite; 3, Frances Cook and Dorothy McGillivray.

Teachers' race—1, Miss Penwill; 2, Miss Gulland; 3, Mrs. Suttie.

In the total points, Master Jack Meldran leads with 12, and he wins a special prize. To Katie Collinson is to be awarded the prize for little girls and Jim Hanbury among the little boys. Inez Lewthwaite is very highly commended. Among the older girls, Virtue Errington is credited with the highest number of points.

The following deserve favorable mention: Aimee Grogan, Beatrix Lees, Violet Lewthwaite and Kathryn Bradshaw.

Altogether a most enjoyable afternoon was spent and the committee in charge were highly complimented by one present, who remarked that the sports she had just witnessed were the best organized of any she had seen.

The tennis tournament prize, a handsomely engraved silver cup, presented by Mrs. McBride, was keenly competed for and provided some excellent struggles, resulting in a victory for Beatrice Cook, who won the final sets from Marjorie Kent, by 6 games to 4. Other specially interesting games were those between Mildred McEachren and Erminie Bass, Gladys Piercy and Mary McBride, while some of the best play was shown in the set between Frances and Beatrice Cook, the finalist.

FIVE IN ANNUAL OCEAN YACHT RACE

SAN PEDRO, June 30.—The third biennial ocean yacht race from San Pedro to Honolulu is scheduled to start from the Southern California port on July 9th, and the South Coast Yacht Club, which will have charge of this end of the race, has already received four entries.

Local interest in the long sail was stimulated last week by the announcement that the Millilou, the new yawl which Stone & Van Bergen are building for Francis B. Smith, will be a contestant. The yacht will be sailed by Louis T. Ward, commodore of the Aeolian Yacht Club of Alameda, and the crew will be composed of a number of that club who have accepted Ward's invitation to accompany him on the voyage.

The other yachts which will start in the race are the Winsome, a yawl built in Southern California last winter, which has been showing considerable speed in the races held by the clubs of the South Coast; The Sweetheart, a schooner, and the Hawaii, the representative of the Honolulu yachtsmen, which is now on her way from the islands to California. Captain Charles T. Wilder is in command of the Hawaiian yacht and she is expecter to arrive at San Pedro dny day now.

The race is held every two years and on both previous occasions was won by the schooner Lurline. This year it is not expected that the Lurline will be a starter.

HARVARD CREWS ARE VICTORIOUS

Yale Oarsmen Defeated in Annual Races Which Were Held Yesterday — Winners Make Fast Time

NEW LONDON, Conn., June 30.—On the four-mile stretch in the Thames river between this city and Gales Ferry, Harvard met Yale today in their 14th annual rowing regatta. Five lengths was Harvards margin of success in the varsity eight-oared race, three lengths in the freshmen eight-oared race and four lengths in the varsity four-oared race. The freshmen four-oared race won by Yale on Wednesday evening was the sweet drop in Yale's bitter cup of defeat. It is estimated that sixty thousand saw the final race and that forty thousand of them were from out-of-town. This multitude saw three as thrilling races as ever cut the water of the Thames. Here is the time in each race: Varsity eight, Harvard, 20:46½; Yale, 21:04; Varsity four, Harvard, 13:00¼; Yale four, 13:18. Freshman eight, Harvard, 11:54½; Yale 12:02.

The varsity four and freshman eight-oared races were two miles long and were rowed up stream, this morning.

Very Fast Time

The Varsity eight started their four mile struggle down stream at 4.37 p.m., only seven minutes behind schedule time. A northwest breeze caused slow time in the early events, but the main race of the day was rowed on water ideally smooth, and the time was the fastest in any down stream race on the Thames since 1903, when a victorious Yale crew covered the four miles in 20 mins., 10 2-5 secs. The victory of the crimson in the big Varsity race was not unexpected, although Yale for the past ten days has been rated more dangerous than she proved in the final struggle.

The day was ideal and considering the fact that Harvard was the preponderant favorite and that her Varsity crews are veterans, Yale put up a plucky fight.

In the freshman event the Harvard eight flashed over the finish line a winner eight seconds ahead of their rivals.

In the Varsity four-oared race, Harvard had a clear lead of several boat lengths. So great was the fight that the Yale men put up that Thorne, at the bow oar of the Blue craft, collapsed

OTTWA, June 30.—The report of the board of conciliation in the dispute between the C. N. R. and its carmen and steam fitters has been handed in to the department of labor. The board recommends the adoption of a wage scale and a separate schedule for steam fitters.

PUGILISTS ARE READY FOR FIGHT

Both Jeffries and Johnson Complete Their Training—Managers Will Toss for Corners on Sunday

RENO, June 30.—James J. Jeffries and John Arthur Johnson tonight are both ready to fight. Each man completed his long training today and will merely do light exercise through the three days that will elapse before the two men face each other in the 22-foot ring to fight for the heavyweight championship of the world on July 4. As Johnson walked towards his dressing room today after boxing several rounds, he was asked what he contemplated tomorrow? "I am through," he said. "This closes my work."

Jeffries had made a similar declaration a little earlier. He said: "I am ready, my training is finished with the exception of a sprint now and then to keey myself in shape. I will do more work."

It was nearly four o'clock before Johnson began using the medicine ball, pitching the bag and other exercises. "Come on," he called, reaching for the boxing gloves. Al Kaufman responded and tried all his tricks for four rounds but it is doubtful whether he landed a single blow. Johnson's defence seemed impregnable.

When Kaufman retired Big "Kid" Cotton jumped in and Johnson went at him with some snap and more than once hurled Cotton away from him as though he were a lightweight. In the second round the blood spurted from Cotton's lips from one of Johnson's left jabs. They went four rounds before Johnson signalled the end of the show.

Governor Dickerson again visited the Johnson camp. He seemed fascinated by the cleverness of the Negro and he watched every move with admiration.

Sam Berger tomorrow will endeavor to arrange with Tom Flanagan to toss for corners on Sunday. The choice is most important as the eyes of one of the fighters will be subjected to the glare of the sun between rounds. Although the fight is but three days off the local betting is not brisk. The odds remain ten to six in favor of Jeffries which rate they lengthened yesterday. There is no lack of Johnson money ready to be placed.

A WOMAN TO BE PRETTY.

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Cyrus H. Bowes & Co., special agents, 1228 Government street.

NOTICE

Applications are invited by the School Board of Victoria, B.C., for the position of teacher of the Commercial Course in the High School. Initial salary $100 per month.

Application received up to the 30th of July.

ISABELLE MOORE,
Secretary of Victoria School Board.

NOTICE TO CONTRACTORS

Tenders will be received by the undersigned, up to July 4th, 1910, for the building of Ladysmith Public Hospital, in accordance with plans and specifications prepared by S. F. Birds, A.R.I.B.A.

Tenders must be accompanied by an acceptex cheque, payable to treasurer of hospital, Mr. L. M. DeGex, of ten per cent. of estimate, to be held as security for due performance of the works. The cheques will be returned to unsuccessful tenderers.

The lowest or any tender not necessarily accepted.

RIVAL CREWS TO MEET AT N.P.A.A.O.

Official List of Entries For International Boat Races at Vancouver Is Published — Oarsmen Opposed J.B.A.A.

VANCOUVER, June 30.—On the placid waters of the North Arm of the Inlet, close to the Indian river and the comforts of the Wigwam Inn, the picked oarsmen of the Vancouver, Victoria and Portland rowing clubs will struggle for speed supremacy on Friday and Saturday, July 8 and 9.

This nineteenth annual regatta of the North Pacific Association of Amateur Oarsmen promises to be productive of some very classy rowing. On this new course, free from the dangers of driftwood and sure of being smooth enough no matter how stormy the weather, fast time is assured. The entries closed last week and the clubs mentioned will be represented in all events, Vancouver leading with two entries in one of the four-oared events.

That keen competition will be the order when the premier oarsmen of the northwest come together is evident from the number of classy men who will represent the different clubs. Vancouver will again be represented by the champion senior four, E. O. Gloss, will pull for Portland in the senior singles event, while Harold Sinclair will go out after both single sculling events.

Keen Contest In Singles.

One of the best races will undoubtedly be the senior singles which will bring together Sinclair of Vancouver, Kennedy of Victoria and Gloss of Portland. This event promises to be warmly contested and at present none of the clubs is making any wild predictions.

The official list of entries, as compiled by Mr. Kent, follows:

Colors.

Vancouver Rowing club—Scarlet and white.
J. B. A. A., Victoria—Navy blue and white.
Portland Rowing club— Dark blue, light blue and white.

Junior Singles.

V. R. C.—J. H. Godfrey.
J. B. A. A.—W. H. Kennedy.
P. R. C.—J. Gloss.

Junior Doubles.

V. R. C.—P. Bell Irving, Owen Sawers.
J. B. A. A.—H. C. Hopwood, Theo. Monk.
P. R. C.—J. Gloss, W. Hall.

Intermediate Singles.

V. R. C.—H. Sinclair.
P. R. C.—Arthur A. Allen.

Junior Fours.

V. R. C.—G. Wright, stroke; A. Black, No. 3; R. Bennett, No. 2; J. K. Simpson, bow.
J. B. A. A.—W. Carrie, stroke; O. F. Sommers, No. 3; G. C. Chungranes, No. 2; H. Kurr, bow.
V. R. C.—No. 2—E. MacGachen, stroke; Kemp, No. 3; R. Markham, No. 2; E. Townlay, bow.
P. R. C.—I. J. Waite, stroke; W. D. Phillipar, No. 3; J. Helwig, No. 2; A. Pferender, bow.

Senior Singles

V. R. C.—Harold Sinclair.
J. B. A. A.—W. H. Kennedy.
P. R. C.—E. O. Gloss.

Senior Doubles.

V. R. C.—A. E. Tenant, G. M. Chaffey.
P. R. C.—J. H. A. A. Moore, E. O. Gloss.

Senior Fours.

V. R. C.—S. C. Sweeny, stroke; B. R. Gale, No. 3; G. H. Stacey, No. 2; H. C. Sawers, bow.
J. B. A. A.—J. Y. McCarter, stroke; T. A. Davidson, No. 3; C. S. Finlaison, No. 2; W. H. Jesse, bow.

SPOKANE TENNIS PLAYERS MECCA

Experts of Northwest Preparing to Attend International Next Week—Miss Hotchkiss Can't Attend

SPOKANE, June 29.—The first delegation of players for the international and inland Empire tennis tournaments on the Country Club courts next week will arrive Saturday from Portland, while the Victoria and Everett players will arrive Sunday morning. The Vancouver island men, Schwengers and Cambie, also will arrive Saturday in time for practice Sunday.

The club courts will present a busy appearance Sunday, for all of the local players will be practicing, as well as a number of the tourney entries. A number of the Inland Empire players also will be on hand a day or so ahead of time. Secretary E. Cave-Brownave will probably arrive Saturday in time for the drawing Saturday night.

The tourney will last until Thursday, finals being played Wednesday and Thursday, and the prizes will be awarded Thursday afternoon.

Special arrangements are being made at the Country Club to accommodate spectators, who are welcome to all of the matches, and seats will be arranged around all of the courts. Refreshments also will be served every afternoon.

Spokane tennis experts are looking forward to some excellent matches. Of the 25 entries for the international tournament, but one man has been here before and all of the players coming are among the best in the northwest. It was definitely decided Saturday by a short tourney at the Country Club that Seth Richards would be paired with Joe Tyler in the doubles.

Champion Disappoints

After guaranteeing expenses it has been learned by the sports committee of the Country Club that Miss Hazel Hotchkiss, national woman's tennis champion, is scheduled to play in the national tournament in the east, after which she has entered a meet at Long Beach, Cal., making it impossible for her to reach Spokane before July 7, the final day of the tournament.

The club some days ago offered to pay the expenses of Miss Sutton and a suitable partner, as there are no woman tennis players in this country that would be any match for the champion. She may bring her sister or some of the other star women tennis players of California.

Schwengers, of Victoria, Wickersham of Portland, Corrill of Seattle and Breeze of Tacoma will be in Spokane July 2, Saturday, as the drawing will be held Saturday night. These men will represent their respective clubs at the drawing. E. Cave-Brown-Cave, secretary of the international tournament, will be in Spokane for the drawing and tournament.

The four men, with a number of the local men and possibly a few of the other early arrivals for the Inland Empire tourney, will be on the Country Club courts Sunday, July 3, as well as the previous day for practice.

Call Me Safe or I'll Bat Yer One

NANAIMO MEETS LADYSMITH TODAY

NANAIMO, June 30.—Nanaimo and Ladysmith cross sticks in a game of lacrosse at the Smelter city on Dominion Day. The game is for a set of silver medals and a keenly contested game is anticipated. Nanaimo has picked a strong team and the boys feel confident of returning with the silverware. The probable line up will be as follows:

Goal, C. Rosewall; point, W. Gilmour; cover point, O. Dobeson; 1st defence, L. Horne; 2nd defence, A. Aitken; 3rd defence, M. Taylor; centre, J. Crossan; 3rd home, F. Botler; 2nd home, D. Sutherland; 1st home, R. Watson; outside home, D. Menzies; inside home, J. Menzies; spares, J. Smith and J. Aitken.

TODAY'S FIXTURES

Baseball—Victoria vs. Renton baseball teams at 3 o'clock at the Royal Athletic grounds.

Tennis—Formal opening of Victoria Club's new quarters, opposite Jubilee Hospital, taking the form of a garden party, also final public appearance of Messrs. Schwengers and Cambie before leaving for the International tournament at Spokane.

Cricket—Albion "A" vs. Garrison, commencing at 10.30 o'clock, at Beacon Hill. Albion "B" vs. Saanich at the Royal Oaks.

Aquatic—Regatta at Cowichan Bay, to which excursions will be operated over E. & N. and V. & S., taking the steamer Iroquois at Sidney.

Bowling — Tournament matches all day at the Beacon Hill club's greens.

OLD-TIME RIVALS TO PLAY AGAIN

LOS ANGELES, June 30.—May Sutton and Hazel Hotchkiss have agreed to meet again in an exhibition match in the 22rd annual tournament of the Pacific State Lawn Tennis association at Long Beach on July 4. At present Miss Hotchkiss is in Philadelphia, where she yesterday defended her title of women's national champion, won last year. She plans to return to Berkeley this week.

Since Miss Sutton's victory at Mount Washington her admirers are confident she will again win from the Berkeley girl, but the supporters of the northern player are almost equally confident that Miss Hotchkiss now has Miss May's measure. McLoughlin, who has had more to do with the development of Miss Hotchkiss' game than any other player, considers that she is already the equal of Miss Sutton.

Sussex Wins

LONDON, June 30.—In a cricket match today between Sussex and Somersetshire the former won by 287 runs.

Penrith Castle Coming.

Balfour, Guthrie & Co., have substituted the British steamer Penrith Castle for the Middleham Castle. The Penrith Castle will leave Antwerp about August 15 for San Pedro, San Francisco, Seattle and Tacoma.

Arrives for Mules.

The big British steamer Waitemata arrived at San Francisco last night from Tacoma. She has on board a large cargo of lumber and will take on 1,400 mules for the Fiji sugar plant at the islands. The loading at San Francisco is in charge of Comyn, Mackall & Co.

HOW FIGHTERS PROPOSE ACTING

Johnson Explains How He Expects to Land Jeffries and "Big Fellow" Is After Early Knockout

One day nearer the fistic battle that has the sporting world by the ears, which is expected to be the greatest man to man struggle of modern times, and which, it is hinted, will be the last of its kind recorded by historians. The fans are just a little more excited, and a little more voluble in the expression of qualified opinions than twenty-four hours ago. Never has the interest been so keen, and it is probable, from present indications, that the Colonist bulletins will be followed by hundreds with the closest attention on the 4th inst.

As a result of the transfer of the fight from San Francisco to Reno, Tex Richard is not looking for as big a crowd as was originally estimated, would watch the encounter. If Governor Gillet hadn't stepped in and chased the principals from California it was the opinion that there would have been over 100,000 on the scene when the two Goliaths locked. As it is, according to information received from the Southern Pacific headquarters, 75,000 expected that 17,000 will see the fight—not as large a crowd as foregathers to witness the big soccer matches of Great Britain.

Fighters Talk

At this stage it is interesting to hear what the two fighters themselves have to say. Here is Jack Johnson's foreword:

"I expect to be able to go a long distance to wear Jeffries down without running any dangerous chances, and then to go in and win. I am not foolish enough to think that Jeffries will be as easy as Burns or Ketchel, for I know he will prove much harder to beat. He may come back looking fit and strong, but I think you'll find that he will not be able to stand the strain and will not show the old speed.

"I intend to let him do all the fighting at the start, for I want to size him up for a few rounds. I want to be sure about his real condition before I take a chance. If I find I can outbox him and can find the proper opening I think I can hit him harder than Fitzsimmons did, and that means he'll go down."

White Oxfords and Outing Shoes for the Holidays

JAMES MAYNARD

'Phone 1232 1313 DOUGLAS STREET Odd Fellows' Block

Mining Department.

EDITED BY WILLIAM BLAKEMORE, M.I.M.E. MEMBER CANADIAN MINING INSTITUTE, GREENWELL GOLD MEDALIST NORTH OF ENGLAND INSTITUTE OF MINING ENGINEERS 1904.

The Colliery Relief Societies

The Nova Scotia government has just enacted a Workmen's Compensation Act, but they have excepted from its provisions those coal companies at whose works relief societies are established, on the understanding that the scope and usefulness of these societies are to be enlarged. The President of the Dominion Coal Company, together with the general manager, lately met a deputation representative of all the relief societies at the mines of the Dominion Coal Company, and explained to them the desire of the company to give effect in the very fullest manner to the evident wish of the government that adequate provision shall be made for the victims of industry throughout the province. The President expressed his desire to see a scheme of benefits arranged which should be second to none in Canada, and announced that the company would contribute equally with its workmen to the cost of any scheme which should be decided upon. No definite plan was presented, as the meeting was of a purely preliminary character, advantage being taken of Mr. Plummer's presence in Cape Breton to enable him to meet for the first time a committee of the workmen of the mines. Mr. Plummer and Mr. Butler both emphasized the necessity of commencing properly and with an adequate scale of contributions. It has been suggested that the sole desire of the coal company in advocating an extension of the relief societies is to enable them to escape the cost which a Workmen's Compensation Act would bring upon them, and one newspaper irresponsibly stated that the cost to the Dominion Coal Company alone under such an Act would be $200,000 per annum. This newspaper has absolutely no grounds for such a statement. The yearly cost for death claims, under the scale proposed by the Nova Scotia Act, would not exceed $25,000 to $30,000 at the highest computation. This would leave, say $175,000 as the cost of non-fatal accidents. The average maximum of the company's employees is about 7,500 men. The Act provides for weekly payments as compensation for injury, which amount to about half of the wages which would be earned at work. A little calculation will show that in order to incur such an enormous bill for compensation would mean that every employee of the company would lose one month out of every year by reason of disability to work caused by injury. There is surely no reason to point out the absurdity of such an assumption. As a matter of fact, if the tentative proposals now before the relief societies are put into effect, it is doubtful whether there will be much to choose on the score of cost between the company's share of the expenditure of the relief societies, or the amount it would have to disburse for injuries under a Compensation Act. But any person who has had any experience with the clerical work which is associated with the actual operation of a Compensation Act, the dissatisfaction it occasions, the litigation and bickerings between employers and employees, between doctors and lawyers, added to the insufficiency of such a law to relieve many of the most pressing cases of need, will appreciate the desire of any corporation to be relieved of its operation, even if it involved a greater expenditure in money. Owing to the peculiar ideas which many insurance companies hold as to the dangers of a miner's life, men engaged in this trade are unjustly deprived of insurance facilities which are open to men engaged in other trades, many of them, if the insurance companies only knew it, far more dangerous to life and health than that of a miner. The miner in his individual capacity cannot insure against accident and sickness, except through some form of mutual friendly society, and the Compensation Act does not adequately meet his needs alone. This fact is thoroughly appreciated by the miner. The relief societies have in the past been the miners' sheet anchor, and their future usefulness bids fair to increase as the years go on. The interests of the employer and the workmen are identical in these societies, malingering is checked, provision is made for sickness and accident also, the extent of the relief disbursed increases automatically with the extent of the family that is dependent, the less onerous demands of the single man help out the needs of the married man, the provision for widow and children is disbursed in small sums, which is often a preventative of misuse and waste. Those who are advocating the enlargement and consolidation of the relief societies at the collieries have a more intimate knowledge of the needs of the miner than either the legislature or the press and are building wisely and well.

Pittsburg's Supremacy in Iron and Steel

It is only among those who are unaccustomed to think in quantities that the notion has been entertained that Pittsburg loses any material part of her prestige as an iron and steel producing centre, by the building of the steel plant at Gary. The Gary plant exemplifies an important economic principle but by no means a new one. Nearly twenty years ago it was common talk in the industry that a location on the Great Lakes had an advantage over the remainder of the Central West, because it was better for the fuel to go to the ore than the ore to the fuel, but instead of a general exodus only a few stragglers have wended their way to a lake site. The Johnson Company moved from Johnstown, Pa., to Lorain, Ohio, making its first steel at the new site April 1, 1895, but owing to financial stress did not obtain the real benefit of the lake site for more than four years, since it was not until July 5, 1899, that the company made pig iron at Lorain. A few years later the Lackawanna Iron & Steel Company packed up its goods at Scranton, Pa., and moved to Buffalo. The Gary plant, at the south end of Lake Michigan, is, of course, different, in that it does not in any sense represent a removal, for the United States Steel Corporation has clearly had no intention of moving any equipment or transferring any trade. The Gary plant is built from the ground up with fresh capital, and its object is to take care of the increased requirements of the Western market.

The Effect of the Eight Hours Act In English Mines

In view of the trend of events in British Columbia, and the attention which the subject of an "Eight hours day" has received, legislatively and otherwise, it may be interesting to note the result of experience at home, which cannot fail to be instructive. So far as the Eight Hours Act has compelled a reconsideration of existing arrangements of labor, and a reformation of defective methods which may have become stereotyped through the forces of custom and habit which are so strong amongst coalminers, it has had a good effect. According to hearsay, considerable economies have been effected at some collieries in this way. And possibly the hours worked in some districts were too long to give the best results. As bearing on this point the following figures given by Mr. Hugh Bramwell to the Departmental Committee on the Eight Hours Bill, of result obtained at a steam coal colliery in South Wales are instructive. On Saturdays the collieries worked shorter hours than on other days, 5.93 on Saturdays as compared with 8.43 on the previous days. The average rate of production per hour over the whole fortnight was 331 tons, but on Saturdays only it was 371 tons, showing an increased rate of production of 10.8 per cent. There is a certain length of hours which is most conducive to a man's efficiency. But to fix by Act of Parliament the daily hours of work of grown men who are quite able to take care of themselves is radically wrong, and experience is showing the justness of the objections made to it from the first by those best fitted to judge.

Some of the Results of the Act

Its effects have so far been cumulative in:

1. Reducing the output.
2. Increasing the wage of all-day men.
3. Making it necessary to employ more persons in order to secure the same output as before.

Each of these effects independently tends to an increase in the cost of production.

First—The Reduction in Output

As regards the reduction in output, the preliminary returns for the year 1909 already issued by the Home Office indicate the effect of the Act. As trade generally has been improving a considerable increase on the previous year's output of coal would have been the normal occurrence. The returns show that in the Newcastle and Durham inspection districts (where the Eight Hours Act did not come into operation till January 1, 1910) there was an increase of over a million tons, but in South Wales and Lancashire, instead of any increase there was a fall. Owing to the recent negotiations for a new agreement between employers and employed in South Wales, more information is available from that district than from others. It has been estimated that the reduction of output in South Wales, due to the Eight Hours Act, amounted to 4.3 per cent in the September quarter of 1909, and 5.3 per cent in the December quarter. These figures were arrived at by taking the average daily output of the corresponding quarter years of 1908 and multiplying it by the actual number of days worked in the same periods of 1909, in order to show what the output should have been if the Eight Hours Act had not been in operation. This method eliminates any difference of output due to a difference in the number of days worked. The actual loss estimated in this way for the last half of 1909 was close upon one million tons. At the last annual general meeting of Cambrian Collieries, limited, Mr. D. A. Thomas, M. P., stated that the output of large and small coal during the second half of 1909 showed a falling off of 13 1/4 per cent., as compared with the first half of the year, although the collieries worked one day more in the second. The effect of the Act is apparent also in the falling off of the exports of coal. In the first quarter of this year there has been a falling off of nearly 600,000 tons as compared with last year. And this too when trade returns generally are very satisfactory, and also in the face of the fact that the export of coal has been increasing during a long period of years.

Earnings of Day Wage Men.

As regards the increase in wages, day wage men are now receiving for an eight hour shift the same wage as they previously got for nine hours or more. The increase in the cost of production from this cause will vary according to the proportion of day wage men, whose hours have been shortened. This proportion runs from about 25 per cent. in Northumberland to 48 per cent. in South Wales, and it is in South Wales therefore that the increased cost from this cause is most felt.

Reduced Output Per Head.

As regards the third point that more persons are needed for a given output the preliminary returns of output and persons employed give strong evidence of this fact. The number of persons employed as compared with 1908 have increased at the rate of 2.65 per cent., whilst the increase in the output has been only at the rate of 0.86 per cent.

Conclusions.

From such evidence as is forthcoming, the writer is inclined to put the extra cost due to the Eight Hours Act at the present time at from 3d to 9d a ton. After a careful examination of the whole subject the following facts appear to be clearly established:

1. The proportion of the realized selling price which labor receives has been steadily increasing over a long period of years.
2. The production per person employed which is the best test of efficiency when natural conditions are similar has been falling during recent years, with an accelerating velocity during the last year or two.
3. The cost of production is increasing.

Apart from natural conditions which cannot be altered, such as the exhaustion of the thicker and most easily worked seams, these results are due to the action of the legislature and of the miners' unions. What effect a permanently increased cost of coal will have on the well being of the country is a question outside the scope of these articles. But it is well that the facts should be generally known. For the best interests of coal mining, on which the material prosperity of the Old Country so much depends, it is very desirable that it should be given a rest from legislative enactments and that the miners should supplement their efforts after increased wages by trying to give increased value in work done.

HOUSEWIVES!

To the "Colonist"

Please publish the following WARNING

It having come to our knowledge that some persons have been soliciting orders, and taking contracts for roof painting, falsely representing that the material they apply is "NAG SLATING" Fireproof Roof Composition, manufactured by us in Victoria.

We hereby warn the public against any such persons, who, while agreeing to use this material, substitute a cheap and inflammable concoction, detrimental instead of beneficial to roofs. This can be guarded against only by those interested seeing that every package supposed to contain "NAG" Composition, bears our trade mark, "NAG" and the full name, Newton & Greer Co. Ltd.

We also notify the public that all our representatives who solicit orders, are furnished with written authority from us, to enable them to book contracts in our name, to be done by our men, in which case it is guaranteed that none but the genuine material will be used and the same properly applied in order to prevent roof fires, stop leaks, etc., etc.

Interested parties can obtain further particulars on application.

HOW FIGHTERS PROPOSE ACTING

(Continued from Page 10)

Jeffries expresses himself thus:

"I will lick Jack Johnson, and I will lick him quick. I don't intend to stall when I meet the negro in the ring. I honestly think that for the sake of saying something, but because it's the gospel truth. Johnson never saw the day he could beat me. He may be a fairly good fighter. I admit that. He may have been able to beat some good men who were anywhere from twenty to forty pounds lighter than me, but just wait until he gets into the ring with a man who is twenty pounds heavier than he is and a man who has beaten better men than Johnson ever dreamed of being. That's why I say I am going to beat Jack Johnson and going to beat him quick."

Sentence on Ore Sellers

TORONTO, June 30.—William Lauder and Jacob Cohen, of Cobalt, each of whom sold over $2,000 worth of ore to Dr. J. E. Wilkinson, were today sentenced to imprisonment for three months or pay a fine of $1,000 for the illegal selling of ore.

TWO BRAVE BOYS

Every boy who reads this magazine has heard the story of the sinking of the Republic and of how the lad who was the operator of the wireless telegraph stood at his post for hours until he had brought help to passengers and crew.

But there was a little sequel to the story which they may not have heard.

A week after the disaster, the manager of a vaudeville company offered this lad no less than a thousand dollars a month if he would appear on the stage.

"Me?" he said, bewildered. "A thousand dollars? Why, I'm no actor! I'm only a telegraph operator."

This reminds me of a similar story which is also true.

A few years ago there stood in Penn Square, in Philadelphia, a high old building filled with offices and in a ruinous condition. When a neighboring house was taken down, the foundations were weakened and its walls began to fall. Some of the occupants of the upper stories escaped; then the stairways fell. But the frame of the elevator remained standing and the engine continued to work.

A great crowd assembled in the streets, watching the lift as it jogged slowly up and down, bringing a dozen men out of the jaws of death. As it started up again the frame of the elevator shook.

The police interfered. "Stop!" they shouted to the boy whose hand was on the lever.

"But there are two women up there," he said.

"The walls are going," they cried. "Come out!" dragging at him.

"There are women up there, and I'm the elevator boy," he repeated doggedly.

He went to the top story, took another woman and came down slowly. When the floor of the elevator touched the earth there was a great shout of triumph. They caught the lad, calling him a hero, and praying God to bless him; but he shook himself free from them.

"Somebody had to go, and I'm the elevator boy," he replied, all unconscious of his bravery and unselfishness.

—St. Nicholas.

THE PLEDGE

By Cardinal Manning

I promise Thee, sweet Lord,
That I will never cloud the light
Which shines from Thee within my Soul
And makes my reason bright;
Or ever will I loose the power
To serve Thee by my will;
Which Thou hast set within my heart,
Thy precepts to fulfill.

Oh, let me drink as Adam drank
Before from Thee he fell:
Oh, let me drink as Thou, dear Lord,
When faint by Sychar's well:
That from my childhood, pure from sin
Of drink and drunken strife,
By the clear fountains I may rest
Of everlasting life.

THE TOWN OF NOTHING-TO-DO

They say somewhere, in the distance fair,
Is the Town of Nothing-to-Do
Where the sun, they say, shines every day
And the skies are always blue,
Where no one tries for a silver prize
And no one strives for gold,
There every tree has taken place
And every tale been told.

The blacksmith sings as his anvil rings
Of the Town of Nothing-to-Do,
And verses in his song, though the road is long,
When with anvil and forge he's through
He will wander far, where the glad folks are,
And will rest in that happy town,
He dreams of the day when he'll put for aye
His hammer and apron down!

O, it matters not what the toiler's lot,
Be he preacher or soldier brave,
Though he delve a ditch, be he great or rich,
Be he judge or a statesman grave,
He dreams always of the future days
When he'll come to Nothing-to-Do,
When he's faced life's test, and his hands will rest
And his time to toil is through.

But Nothing-to-Do, folks tell me, who
Have journeyed the hills and found it,
Is a hollow fake and a big mistake,
For the streams of care surround it.
And the people there, they all declare,
Are gloomy and sad and sighing,
And they yearn for strife, for the joy of life
Is something to do, worth trying.

—Detroit Free Press.

To Gentlemen, Sportsmen and others:

FOR SALE

Marron Lake Ranch Estate

In the Beautiful Okanagan

This estate consists of 480 acres partly laid out in pasturage, partly under cultivation for wheat, oats, etc., and includes Marron Lake (6 acres). The land in and around consists of the choicest bottom and bench lands, the soil varying little, and is very productive for all kinds of fruit, produce, etc. From a sportsman's point of view it is the only plentiful deer valley around. The residence contains six rooms and overlooks the lake. There is also a two-roomed cottage on the bench land, and barns for horses, cattle, etc. The whole, including cattle, sheep, pigs, fowls, farm machinery, tools, etc., can be had on valuation. Another 160 acres can be had, if required, the whole being splendidly adapted for fruit acreage and can be sub-divided accordingly.

PENTICTON

For immediate disposal, ten most valuable lots in Penticton in centre of town, size 33½x120 feet. One lot contains small cottage overlooking Okanagan Lake. Cash price, $4,800.

On the Waterfront

GOLD FINDS AT STEWART

Venture Returns From Portland Canal Bringing News of Further Discoveries — Pack Trains Leave Daily

MARMOT RIVER SCENE OF LATEST STAKING

Fourth Ledge Is Located With Good Showings in the Stewart Mining & Development Company's Property.

Bringing news of further finds of good ore bodies in the Portland canal district the steamer Venture of the Boscowitz Steamship company returned from her maiden trip to Stewart, Prince Rupert and way ports of northern British Columbia yesterday morning. Many were still crowding in to Stewart and every day saw a string of pack horses heavily laden with supplies leave town for the mines. Much difficulty is being experienced by packers beyond the Forks where the trail is in spots almost impassable and horses are frequently mired. In connection with the big free gold strike the majority of the prospectors who made the trip returned disappointed in as much as practically the entire country to the glacier had been staked before their arrival. At present there are several mining men on the ground making a more extended and thorough examination of this ore zone and it will be several days before definite announcement of its possibilities will be available.

Many prospectors have gone to the Alice Arm district from where good reports have been brought. The latest strike reported is on the north fork of the Marmot river. Morris R. Moon has returned from a prospecting trip up the north fork of Marmot river where he made an important strike from which high assays have been obtained. Men were sent out to prospect the lead and exposed it for 200 feet on the surface. A small amount of work disclosed an ore body 12 feet wide from which an assay of $30.20 in gold was obtained. Captain White Fraser and Mr. Moon have located ten claims and an expert report is to be secured.

Assays made at Stewart of ore brought from the "mammoth reef" located early in June tend to confirm reports that this leached out barren looking quartz carries paying ore. Francis S. Otter, broker, obtained an assay of $8.80 from his claim while Dan Bartholomew got $5.20. Mr. Bartholomew returned from the reef last Saturday and said he believed it as big as reported. He followed it for seven miles and locations have been made all along for the distance. Duncan McClennan who joined the rush the night before the news was made public, secured locations across the gulch from the discovery, and adjoins the Buster group. He brought back some good looking samples which he intends to have assayed. C. M. Delgrove one of the original discoverers, has gone back to the reef to begin work.

Fourth Ledge.

When the Venture was at Stewart news was received that the fourth ledge of the Stewart Mining & Development company's mine had been struck and the galena uncovered indicated that it would be rich like the No. 3 ledge discovered some months ago which has been uncovered a width of 27 feet with rich ore. On the No. 3 or east vein a crosscut has been started to the hanging wall and in the crosscut native silver was encountered.

Rapid headway is being made in the construction of the big mill on the Portland Canal property, all the frame work below the concentrating floor being in place, the ore bunkers practically finished and connection made. The ore and three-fifths mile Bleichert tram is now running and the work of installing the mill machinery will soon be in full swing. Up at the mine the foundations for a new bunkhouse 40 by 25 feet have been laid, as also for the superintendent's office and residence. The bunkhouse will have sufficient capacity to accommodate 40 men. In the mine a crosscut has been started from No. 3 into the hanging will country. In the No. 2, work continues in the face which is 200 feet from the portal, with a fine breast of ore. General Manager W. J. Elmendorf has 50 men on the payroll.

Red Cliff.

On the Red Cliff the main working tunnel 8 by 8 feet double track has been driven during the past week 44 feet and the big bore is now in 347 feet. The air compressor works most satisfactorially, the muckers being hardly able to cope with the rock broken down. Three eight-hour shifts are on the work and there are now 42 men employed at the mine.

Arrivals from Stewart reported that after a terrible experience in which he fell and slid 1500 feet down a glacier on Bitter creek, Jasper Kaeger, a prospector, still lives. The accident occurred on Thursday. Kaeger was working in a particularly perilous place and he leaped to another ledge which broke off precipitating him 200 feet in a straight fall. Then he rolled and bounded to the foot of the mountain. He was brought into camp and is now under Dr. Richard's care.

On Wednesday of last week electric light was turned on at the power station of the Stewart-Portland Canal Light & Power Co., and since then operations have been steadily maintained. The company officials have worked under many trying circumstances and are yet awaiting portions of the plant, having had to resort to many ingenious contrivances to start the service. Work has been commenced on Columbia street for laying the mains for the water service which is expected to be completed within three weeks.

The Venture brought a small complement of passengers south, including Capt. J. D. Warren and Mrs. Warren who made the round trip. She brought news that fishing had started well on the Skeena, Naas and Rivers Inlet. Included in the freight was a shiment of 300 cases of new salmon from the Carlisle cannery, first of this years pack to be shipped from the north.

The Venture will carry excursionists between Victoria and Peddar bay today and will sail for northern B. C. ports tonight.

Alta Towed Out

In tow of the tug Lorne barkentine Alta left port early this morning on her way to South Africa.

The barge William H. Case recently purchased by the C. P. R. as a collier, will arrive here in a few days in tow of the tug Czar with a cargo of coal for the company's steamers.

McRAE FARM SOLD TO EASTERNERS

Desirable Acreage Adjoining City Limits to Be Subdivided for Residential Purposes —Purchase Price $100,000

An important transfer in the local realty market has just been completed by the sale of the McRae farm in the Oaklands district for a sum approximating $100,000. The purchasers were an eastern syndicate who have bought the farm for subdivision purposes.

The McRae farm comprises some 120 acres of land entirely cleared and under cultivation. It just adjoins the city limits at the northeast end, being situated in sections 42 and 43. The land is of a sloping variety commanding a splendid view of the sea and mountains, the property being one eminently suitable for residential purposes, situated as it is within easy hall of the city. The plans of the new purchasers, beyond the fact that they will subdivide the property, are not definitely known, inasmuch as the sale was negotiated in the east by Mr. E. M. Tracksell of the firm of Messrs. Tracksell Anderson & Co., who has not yet returned to the city. Messrs. P. R. Brown, Ltd., were also instrumental in handling the sale.

Brought Small Price.

SAN FRANCISCO, June 30.—The schooner F. S. Redfield was sold at auction today for $875. George E. Billings, who owns a large interest in her, bought the Redfield in. She is an old vessel, built 28 years ago, and has been lying idle for the past two years. She was for years in the Coast lumber trade.

YUCATAN CASE NOT ADJUSTED

New Feature of Dispute Further Involves Business Between Owners and Underwriters Concerning Ship

OLD INSURANCE TO VESSEL'S CREDIT

Policy to Extent of $25,000 on Damage Done Two Years Ago Must Be Taken Into Consideration

As the days go by the case of the damaged steamer Yucatana, which looks like a rusted old shell of a steamship as she lies at the outer wharf, becomes more and more involved. Captain W. H. Logan, special agent of the London Salvage association, who went to Seattle to take part in a conference with the owners, agents and others, returned yesterday and stated that no adjustment had been made. The owners maintain their contention that the vessel is a constructive total loss, while the underwriters hold that she can be repaired and returned to the Alaska Steamship company. The underwriter's agent went into the question of the outfit with the owners while at Seattle.

The representatives of the underwriters are waiting advices from London before taking any action with regard to the repairs. It is anticipated by many shipping men that the underwriters will decide not to carry out the repairs, that they will ultimately accept the Alaska Steamship company's contention that the Yucatan is a constructive total loss and abandon the idea of repairing and handling the vessel back to the owners. It is considered more likely that they will sell the wreck as she lies and settle the insurance claim.

The present underwriters, Lloyds, London, face this proposition: There is about $25,000 old insurance to the credit of the Yucatan with the San Francisco board of underwriters. This was on damage done two years ago, on which bids were called, but the repair work delayed, as it did not demand immediate attention.

The present Lloyds' underwriters were counting on the payment of this $25,000 in the total loss claims and believe that they could credit themselves with this amount but the San Francisco board has refused to allow themselves to be included in any total loss payments, holding that they are bound only for repair work. If the ship is repaired they are willing to make good what the were liable for under the old specifications, but no more, and they will pay for repairs only.

With this $25,000 the underwriters can cut down the bill on the Willamette Iron & Steel works' bid of $89,000 for repairs to the Yucatan to $54,000 which, plus the equipment, estimated at $60,000, making a total of $114,000 is expected to produce a new ship.

But it is not probable that the underwriters will undertake this work themselves, and shipping men are looking for an advertisement shortly announcing that the wreck is for sale, when the purchaser can do the repairing and take advantage of the old insurance.

S. S. Queen in Port

Steamer Queen, of the Pacific Coast S. S. Company, arrived at the outer wharf early this morning, and will relieve the steamer Spokane on the northern excursion route.

Piles For Wharf

The tug Cornelia Cook arrived from Eagle harbor yesterday with two scowloads of creosoted piles for the Grand Trunk Pacific dock. The wharf builders have been delayed owing to the non-arrival of the piles, and work will be hurried to extend pier A to its total length.

Condor Is Surveyed

The London steamer Condor, belonging to the New York and Pacific line, which was ashore near Valparaiso, has been surveyed. The vessel has extensive damage to plating on the starboard side, and temporary repairs are proposed to enable the vessel to proceed back to New York, where permanent repairs can be executed.

RIVERDALE HAS CARGO OF ORE

British Steamer Reaches Irondale With First Full Load of Ore and Pig From Hankow —Steel Industry

With a full cargo of iron ore from the Hangyang Mining Company's depot at Hankow, China, the British steamer Riverdale reached Irondale yesterday. She brought 5,000 tons of iron ore and 1,500 tons of pig ore from the Yangtsze Valley port, being the first full cargo consigned to the Western Steel Company under the contract with the Chinese government.

The next cargo of iron ore and pig iron will be brought to Irondale by the Netherlee, which is now loading at Hankow and which will sail eastward in July. The regular schedule being thus established, a steamship will thereafter leave Hankow for Irondale every thirty days for the next two years, after which the fleet will be increased to three steamships a month, or a sailing every ten days.

The Riverdale will take a full cargo of lumber back to China, part of 12,000,000 feet which the Dollar Company have sold.

The Seattle Times sees in the arrival of the Riverdale with her big cargo of iron ore and pig iron an incident fraught with great significance to the whole northwest coast. The Times says:

"Down to date something more than $2,000,000 have been poured into Irondale—into the plant and the properties behind it. Some of this has come from Seattle, much from San Francisco, some from British Columbia and still other dollars from New York. Also a very large amount has been realized from the sale of real estate in the town of Irondale, and every dollar of this has gone into either plant or properties, just as the famous steel town of Gary, Ind., was made to produce $68,000,000 for the business purposes of United Steel at a time when $68,000,000 was very handy to have around.

"The properties behind the steel plant, the bog iron deposits on Quatsino, the magnetite deposits of Barkley Sound, the development of the coal properties at Ashford, in Pierce County, and the immense deposits on Graham Island, in the Queen Charlotte group, have consumed by far the greater amount, and it is to be said that a vast amount has turned out to be clear waste, for thousands of dollars were expended in "trying out" various properties and prospects that were offered from time to time by prospectors from all over the north country. The properties now owned by the corporation, and which are the basis of its present and future operations, are the result of a thorough process of elimination. They are "the pick" of every known coal and iron property of British Columbia and the Northwestern States.

"The proved properties which the Western Steel Corporation now finds itself in possession of are as follows:

"Thirty mineral claims (1,500 acres) on Quatsino Sound, Vancouver Island, Present development shows 10,000,000 tons of bog iron ore, which is delivered at the furnace at Irondale for $2 per ton, including duty.

"Magnetite deposits on Barkley Sound and Pitt Island, British Columbia, showing 5,000,000 tons at present stage of development. Same cost at furnace.

"Ashford coal properties at Ashford, Pierce County, 1,400 acres under 99-year lease, 600 acres under 21-year lease. Experted at 80,000,000 tons of coking coal.

"Graham Island, British Columbia, 20,500 acres of coal lands. Experted at 720,000,000 tons of coking coal. Crown granted to James A. Moore and by James A. Moore transferred to Western Steel Corporation.

"Limestone quarry in Skagit county.

"In the matter of supply the corporation has doubly fortified itself by closing an exclusive contract with the Han-Yeh-Ping Iron and Coal Company, of Hankow, China, the only steel producing corporation of the Celestial Empire, which is, in a way, a semi-governmental institution.

"Under the contract the corporation imports 100,000 tons of pig iron and 72,000 tons of iron ores from the Chinese company every year and may import as much more as it desires. Clauses in the contract guarantee to the Western Steel Corporation the exclusive right to the importation and sale of the Chinese ores and products into the United States, British Columbia and Hawaii. The ore is of exceptionally high grade, and when combined with the British Columbia ore makes an ideal steel combination, also materially reducing the cost of production. Ores of equal quality laid down at Pittsburg cost more than $6 the ton. Laid down at Irondale the cost is $3.85 the ton.

"There are at present in operation at Irondale two open-hearth furnaces and a third will shortly be blown in. A plant for the manufacture of horse shoes, the only plant of the kind west of Chicago, is in course of construction. A big tide land fill has just been completed at a cost of $60,000 and upon this eight more open-hearth furnaces are to be erected, as well as the rolling mills necessary to handle their output. The rolling mills now in operation are sufficient to handle the output of the three furnaces available."

SENT SEALSKINS GOT CODFISH

How a Young Man Who Gathered In Pelts at Kodiak Tried to Smuggle Them from Alaska and Lost His Furs

A good story is going the rounds about an Alaskan who endeavored to get a shipment of six casks of contraband sealskins from southwestern Alaska to Victoria recently. The law of the United States is that sealskins cannot be taken by United States citizens other than those fortunate enough to belong to the company which leased the rookeries until the beginning of May last, in fact none others than these and Indians are permitted to take sealskins; but despite the law it is a well known fact that furbuyers who journey along the Alaskan coast can secure sealskins and one of these recently picked some up in a manner it is not necessary, nor wise, to explain. He had the sealskins delivered to him, without flourish of trumpets, at Kodiak, and then he sat down to ponder on the proposition of getting them out of the country. He happened at this time to see a shipment of codfish ready for exportation on the steamer Dora loaded in the same sort of casks. Accordingly he labelled his shipments "codfish," and ordered delivery of them to him at Seattle. Gleefully he then hired himself to Victoria and arranged to sell the skins in this city when transhipped from Seattle.

The frame of mind of the young man can be imagined when at Seattle, six casks of genuine codfish were delivered to him. He kicked; but he couldn't kick hard. He had received what the manifest called for, all right. Since then he has been hiring levies of longshoremen to kick him for having talked too much while at Kodiak.

WANTED!

A Good Building Lot, to apply as part payment on a new Seven-room House in the Oak Bay district, just off the car line.

This is a well-built, fully modern, new home of seven rooms and reception hall, cement floor in basement, furnace, three grates. Lot is 50 ft x 120 ft., and the location is good.

$4800

and a good lot will be taken as part payment. Balance can be arranged to suit you.

The Victoria Transfer Company

Horses For Sale

We have horses of all classes for sale and are ready at all times to exhibit such to intending purchasers. It will pay you to see us before purchasing.

Cabs Do you know that our Glass Front Carriages are at your disposal at the following charges—Four Persons, single hour, $2.00; Four Persons, an hour and a half, or over, at per hour, $1.50. In four hours a party of four can see the principal points of interest in the City of Victoria for the moderate charge of $6.00.

Victorias If you wish, we can furnish a Victoria, at per hour, $2.00; single hour, $2.50. These vehicles accommodate three persons and are most suitable for ladies doing afternoon calling.

Furniture Trucks Furniture moving is an important undertaking. We have men who do nothing else. Our charges are—By the hour, $1.50. With an extra man to help the charge will be increased to $2.00 per hour.

Baggage and Express In this department prompt delivery is the important factor. If you are catching a steamer or train you like to know that your luggage or packages will be at the wharf or station in good time to depart with you. What is more annoying than searching for your belongings a minute before your steamer sails or your train pulls out? This is off-set by our claim checks. Our drivers check your baggage at your residence. You present the claim check to the baggage-master—show your ticket—he then gives you the railway or steamer check, and that is all. You then go on your way rejoicing. If we cannot attend to your order we will tell you and thus avoid suspense.

Express and General Drayage We have twenty-seven Express and Delivery Wagons. For the use of one of these we make a charge of—Per Hour, $1.00.

Livery Better Single or Double Traps cannot be found on the Pacific Coast. Single Horse and Trap—Morning, $2.50; Afternoon, $3.00.

Teams We are prepared to supply teams for Half a Day at $5.00, excepting Saturday, Sunday and Holidays, when the charge will be, half a day, $7.50. For long distances, the office will furnish particulars.

Boarders We board your horse, look after your trap and harness—Per month, $25.00. Our object is to please our patrons. We are responsible to them as to safety or damage done to furniture or goods. Our drivers, we believe, are civil and careful, and seldom knowingly overcharge. If by any chance a mistake occurs, come to the office or notify us at once. In other words, give us an opportunity to put right anything that displeases you.

BARRY HAS SAILED FOR SOUTH AFRICA

British Sculler Off to Zambesi Where In August He Meets Arnst for the World's Championship

Ernest Barry, the English champion sculler, who is to row Richard Arnst on the Zambesi, in South Africa in August, is reported in excellent trim and rowing fast. His weight is now 161½ pounds. He has sailed for the scene of the struggle.

His countrymen expect him to bring back the championship, but critics consider Arnst a wonder, and the best sculler Australia ever produced—and she has turned out more than her share of good ones. He is very strong and wonderfully active in his boat, and skilful withal, and the way he defeats his opponents shows what manner of man he is. Barry will have had a long and apparently careful preparation, and he has proved himself a good sculler, no doubt—above the ordinary—but Arnst is an extraordinary oarsman, as anyone who has kept tab on him knows, and will have no trouble, according to some opinions, in disposing of Barry. It is to be hoped that Arnst will come to this country after this race, as is reported he will, and have a crack at Eddie Durnan as Eddie it seems has expressed a desire to meet him, and then we will see for ourselves the man of whose prowess we have heard so much. Eddie is a good one, as his victory over that other ex-Australian, Tom Sullivan, some time ago showed, but he is hardly big and strong enough to cope with a man like Arnst who has that very desirable quality in addition to his skill. Beach beat Hanlan in the most by the good strength always tells in rowing, if the skill be equal or near it. By the way, have you ever noticed the fine lot of scullers Australia has produced in the past? Some of them were not very powerful either, but they could all row fast. Their style must be a good one. Look at George Towns, Searle and Kemp—everyone of them less than 165 pounds. That style, coupled with the brawn, evidently makes Arnst the superior man he is.

AUTO FATALITY

Young Woman Killed and Two Occupants of Car Injured at Hamilton.

HAMILTON, Ont., June 30—Miss Susan L. Perkins, a trained nurse of London, Ont., was instantly killed, and Miss Dorothy Robertson, the 17-year-old daughter of Robert Robertson, general manager of the Hamilton Steel and Iron Company, was seriously injured as the result of the worst auto accident in the history of the city, occurring shortly before six o'clock this evening. Keith McCrae, the driver, was also badly injured. Miss Robertson was convalescing after an attack of typhoid fever, and Miss Perkins, who was her cousin, had been nursing her throughout her illness. They were out for a breath of fresh air on the mountain. While descending the Strongman mountain road, which is a steep grade, McCrae evidently lost control of the car and ran to the edge of the road. He struck and tore up a portion of the fence, and the car went over the embankment, falling to the road below, a distance of thirty feet.

COUNCIL OF WOMEN

National Body at Halifax—Several Resolutions Up for Consideration.

HALIFAX, June 30.—The National Council of Women of Canada, which has been engaged in committee work all day, was entertained at government house tonight, when Mrs. Fraser gave a brilliant reception.

Assisting in receiving the guests was Mrs. Wilson, of Guelph. The mayor of Halifax extended an official welcome.

Among the resolutions to be adopted will be one recommending that the earnings of men undergoing long terms of imprisonment be devoted to the support of their wives and children, and that there be more rigorous enforcement of immigration legislation. Another resolution condemns the "treating" system. A resolution on the order paper is "that the national council of women of Canada hereby place itself on record in favor of the enfranchisement of women."

AEROPLANE IN WAR

Glenn H. Curtis Experiments With Dropping of Missiles on Imitation Dreadnought.

HAMMONDSPORT, N. Y., June 30.—Glenn H. Curtiss has begun a series of tests over Lake Keuka to determine definitely the value of the aeroplane as a carrier of missiles in war.

On the water of the lake a large target has been prepared resembling in outline the deck of a modern Dreadnought. Flying above this at various altitudes and at different speeds Curtiss will attempt to hit this target by dropping weights corresponding to bombs. The experiments are under the supervision of Rear-Admiral Kimball, U. S. N., retired.

In the first test, which was made yesterday, Curtiss made one trial, flying at a height of 150 feet. His missile fell about ten feet from the starboard side of the target. Further experiments were cut short by the loosening of a propeller blade. The trials will be continued next week. The missiles are eight inches in length, made of lead pipe about one inch and a half in diameter, and weighing one pound.

Mr. Emerson Promises Fight

VANCOUVER, June 30.—J. S. Emerson states that he will endeavor by an appeal to the courts to regain possession of a boom of logs which the provincial government caused to be seized last week at Anderson's camp on Eden Island. He also says that he has instructed the men there to continue at work on the cancelled limit, undertaking to indemnify them in case of prosecution by the provincial authorities. Some of the men have quit work in consequence of the provincial officers telling them that they would otherwise be arrested.

Premier Whitneys Daughter Dead

TORONTO, June 30.—Muriel Lee Thompson, eldest daughter of Premier Whitney, died today.

Maine Republican Nomination

PORTLAND, Maine, June 30.—Asher C. Hinds, parliamentarian of Congress, was nominated to succeed Congressman Amos Allen for the First Maine district by the Republicans today. The nomination was made by acclamation.

Ex-President Visits President

NAHANT, Mass., June 30.—Colonel Theodore Roosevelt and Senator Henry Cabot Lodge, who is the host of the former President, left the Senator's residence at 2:40 o'clock this afternoon for the Beverly home of President Taft. The two made the journey in an automobile and were unaccompanied.

TO MEET PREMIER REGARDING MEASURE

Delegations to Press Petition That Companies' Act Be Not Enforced—Attorney General Interviewed

An interview will on Monday or Tuesday next be granted by Premier McBride (who also is acting as attorney-general, etc., during the absence on vacation of his colleague, Hon. Mr. Bowser) to the Victoria delegation which seeks a suspension of prosecutions under certain clauses of the new Companies Act. The exact date and hour of the meeting will be arranged tomorrow. Interviewed by the News-Advertiser a few days ago, in the matter of the Companies Act, Attorney-General Bowser expressed himself with characteristic positiveness. Said he:

"In the first place it would crtainly hardly be my place as attorney-general to suspend the enforcement of an act against the expressed will of the legislature of the province. The provisions of the act requiring outside companies doing business in this province to take out licences or to register here were enacted in justice to local companies. It requires that if these outside companies do business after July 1 without registration, they shall be liable to a fine of not less than $20, and further than that they cannot sue for debts contracted in this province. As an example of what I mean, we will say that a firm has a sum of money invested in a biscuit or candy factory here. It employs labor, pays its taxes to the city and the province, and so helps to bear its share of the burden of government as well as arring to the prosperity of the company. But in the East or in the United States is another company carrying on a similar business. They are probably able to get cheaper labor and material, and ship in here in competition with local firms without paying anything to the revenues of the province whatever. Can anyone say that is fair? I consider that they should at least pay their registration fees, and I told a delegation that waited on me yesterday that the act would come into force on July 2 as it was intended that it should.

"Another thing to be looked at is this. Suppose some trouble arises between a local mercantile house and one of these outsiders, and the local company wants to sue, is it fair that they should be compelled to go to the trouble and expense of going outside the province to do so. If they have any trouble with a local firm they can sue right here, and if a company is registered here they can be sued through their agent. In fact the whole object is to give our local firms that protection to which we consider they are fairly entitled."

Mr. Borden Goes East

OTTAWA, Jun 30.—R. L. Borden leaves tomorrow for Nova Scotia, where he will spend several weeks.

FOOTBALL FETE IN SIDNEY AUSTRALIA

SYDNEY, N. S. W., June 29.—No such festival of football has ever been known as that which is now taking place in this state. Here are representative Englishmen, New Zealanders, Maorilanders, Americans and Australians, all engaged in playing Rugby football, and never has Australia football proved so successful. The Maori (New Zealand natives) showed their better grasp of football by defeating the American university team by 23 points to 3, the biggest defeat they have yet known on the tour. A few days ago the Americans ran the Maoris to a bare victory, but evidently could not reproduce as good form.

A combined Australian team were able to score one of their rare victories over New Zealand and there is great rejoicing. The score was 11 points to 9. In the professional football under Northern union rules, which generally results in freer scoring than under the Rugby union rules, the Kangaroos beat England by 22 points to 10. It was a brilliant game, played at a great speed.

New Westminster is indignantly protesting against what is claimed to be inadequate service furnished by the C.P.R.

W. J. Blanden, furniture dealer, suffered $4,600 loss by a fire which destroyed his business premises at Fernie recently.

A dry kiln and its contents, belonging to the Otter Shingle Co., at Otter, was burned Tuesday, loss being involved of $10,000.

The wedding was celebrated at New Westminster on Tuesday last of Mr. James Stoddart Gifford and Miss Mazie Robertson.

The regulations for the disposal of the remaining lands in the Dominion railway belt in this province, which were to have gone into force and effect tomorrow will not become effective until further notice. No reason for the postponement is assigned.

A verdict totaling $11,000 damages was awarded against the B. C. E. R. Co. in a minor accident at Vancouver and in favor of the widow and infant child of J. Wilkinson, one of the victims of the Lakeview disaster, in Vancouver Thursday. Mrs. A. E. Kealy, of North Vancouver, obtained $877 damages from the same company for injuries sustained

BRANCHES—Montreal, Boston, Buffalo, Detroit, Chicago, Cleveland, Pittsburg, St. Louis and New York.

Tuckett's

The Criterion of Cigarette Excellence

When you enter a store and ask for a package of cigarettes, you will not always be handed "Tuckett's."

See that you do get Tuckett's—most high grade stores keep them, and even if you have to turn on your heel and walk a block to the next store, it will pay you to do that, rather than accept an inferior substitute.

Made of pure Turkish tobacco—the kind with the sweet, satisfying flavor which every fastidious smoker knows—Tuckett's "Specials" are as close to ideal as human endeavor can make smoking material.

Cigarettes

Annual July Clearance Sale

The money-saving benefits of our cash system of buying and selling are being taken advantage of by more people every day.

Everything Reduced in Price

All our prices are cut lower still for this annual event and we expect to make many new friends by giving the people of Victoria and environs an opportunity to

Reduce the Cost of Living

Not only on special clearing lines, but on everything they purchase here.

HOW HOLIDAY WILL BE PASSED

General Exodus From the City Picnic Parties and Excursions of Different Kinds Arranged

While Victoria has no organized celebration in connection with today's anniversary, the holiday will be passed in a thoroughly enjoyable fashion, practically the entire populace being in the open picnicing or otherwise disporting. Launches, boats, canoes, automobiles, vehicles of all descriptions, have been engaged for the day and during the early morning the exodus from town will commence.

The Victoria and Sidney Railway will run two morning trains to Saanich points, one leaving at 8:15 a. m. and the other at 11 a. m., returning to the city, leaving Sidney at 4:15 p. m. and 7 p. m. respectively. The E. and N. morning train leaving at 9 a. m. will have double the number of cars usually put on in order to provide sufficient accommodation to those leaving for Duncan, Shawnigan, Ladysmith, Nanaimo and other points on the line. The B. C. Electric railway will place extra cars on the Gorge route, as it is expected that a large host of people will find their way to this pleasure resort during the day.

Sunday School excursions, in which hundreds will participate, will take place as follows:—

To Pedder Bay by the steamer Venture, the Metropolitan Methodist.

To Sidney Park, the Centennial Methodist.

To Macaulay Plains, the Victoria West Methodist.

To Macaulay Point, the First and St. Andrew's Presbyterian.

To Oak Bay Beach, St. Paul's Presbyterian.

To Kanaka Ranch, Esquimalt, the Congregational. To Macaulay Plains, First Baptist and Burnside road Mission.

To Fisher's Castle, Esquimalt, Tabernacle Baptist.

To Macaulay Plains, Emmanuel Baptist.

To Fisher's Beach, Esquimalt, Salvation Army.

Amongst other picnics which have been arranged is that of the Welsh society to Shoal Bay. All Welsh residents of the city are invited to attend this event. The Daughters of Scotland will rendezvous at Cordova Bay, while the Socialist party will picnic at Fraser street beach, Esquimalt.

In connection with many of the foregoing picnics the B. C. Electric railway company will run special cars bringing the excursionists to or near their several destinations. Numerous private picnic parties have been arranged, and with the weather holding good an enjoyable all round time is certain to be spent.

PROMOTION EXAMS RESUT ANNOUNCED

Continued From Page Fifteen.

school was won by Roland E. Legg, who headed the promoted class. Clarence Hunter was awarded a prize for being second in general proficiency.

The winners of the rolls of honor were:

Division I.

Proficiency—Roland Edward Legg.
Deportment—Ladoma Lillian McDonald.
Regularity and punctuality—Roy Wm. Emery, Walter Allen Gosse, Clarence Alexander Hunter, Arthur Hunter, John Thomas Jalland, John Hector Stewart, John Richmond Cooksley and Eugene Frank Worth.

Division II.

Proficiency—John Riddell.
Deportment—William Garnham.
Punctuality and regularity—William Allen and Agnes Ewing.

Division III.

Proficiency—Grace Garnham.
Deportment—Jean Martin.
Regularity and punctuality—Margaret Kermode, Gordon Kermode, Harry Cole, Evelyn Irving, J. Givens and Edna Gibbs.

Division IV.

Proficiency—Chester Thompson.
Deportment—Pamela Legg.
Regularity and punctuality—Viola Graham and Daniel Robertson.

Division V.

Proficiency—Francis Briggs.
Deportment—Kate Kelman Renwick.
Regularity and punctuality—Evelyn Webster.

Deportment—Maude Losie.
Punctuality and regularity—Arthur Welsh, Mina Hintze, Lesley Grant, Dudley Johnson, Matthew Macabe.

TRAMWAY FOR NANAIMO

Believed That Application Gazetted for Charter Heralds Building.

The current issue of the British Columbia Gazette (which, containing no fewer than 451 pages, is probably the largest weekly paper published in Canada) notes in an advertisement appearing over the signature of Messrs. Taylor & Harvey of Vancouver, that application will be made to the legislature at its next sitting for a charter and all the usual powers and privileges for a railway company to build and operate a line of standard or other gauge from Nanaimo to Wellington, and also from Nanaimo southerly to Ladysmith, the operating power to be either steam, electricity or "something else." It is regarded as probable that this notice foreshadows the inauguration of the tramway service so long desired by Nanaimo citizens and for which the Development League of the Coal City has latterly been campaigning so energetically.

New Provincial Companies.

It is a long list of new provincial companies which appears in the present issue of the Gazette, the latest additions to the business organizations of the province being as follows: The British Canadian Trust & Savings, Limited; British Columbia Casket Co., Ltd.; British Columbia Farm Lands Co.; Canadian Door Hanger Mfg. Co., Ltd.; Canadian Lang Stay Co., Ltd.; Colvile, Limited; Cranbrook Sash and Door Co., Ltd.; Dominion Motor Car Co., Ltd.; Great West Light Co., Ltd.; Investors' Guarantee Co., Ltd.; Kaien Island Club, Ltd.; Keystone Mining Co., Ltd.; King Edward Mines, Ltd.; Kraus, Reynolds & Co., Ltd.; Moose Jaw Electric Railway Co., Ltd.; Newport Timber Co., Ltd.; Nicola Valley Investment & Land Co., Ltd.; Portland Canal Lumber Co., Ltd.; Prince Rupert Mining Association, Ltd.; Prince Rupert Wholesale Liquor & Supply Co., Ltd.; Pyramid Asphalt & Oil Co. of B. C.; Quain Electrical Supply Co., Ltd.; Royal Financial Corporation, Ltd.; Sheep Creek Summit Gold Mines Co., Ltd.; Silver Bow Mines, Ltd.; Spencer Trust Co., Ltd.; Talahum Power Co., Ltd.; Vancouver-Coalinga Oil Syndicate, Ltd.; Vancouver Midway Oil Co., Ltd., and Western Construction Co., Ltd.

Provincial Appointments.

Among the provincial appointments of the present week are those of Victor Cecil Fawcett, of Victoria, as a clerk in the department of the attorney-general; Alexander Melrose, of Vancouver, as fourth assistant at the Provincial Industrial school; Alex. MacNeish, of Hosmer, as a provincial constable; Chas. E. F. Heisterman, of Victoria, to be a clerk in the treasury department; Robert Heward, of Princeton, to be mining recorder, etc., at Tulameen; Geo. James R. Brown, and Richard Wells, of Vancouver, to be a fisheries overseer for the Fraser river district. The new notaries public include Edward A. Lucas, of Vancouver and Thomas McSkibb, of Slocan.

Dyking Commissioners.

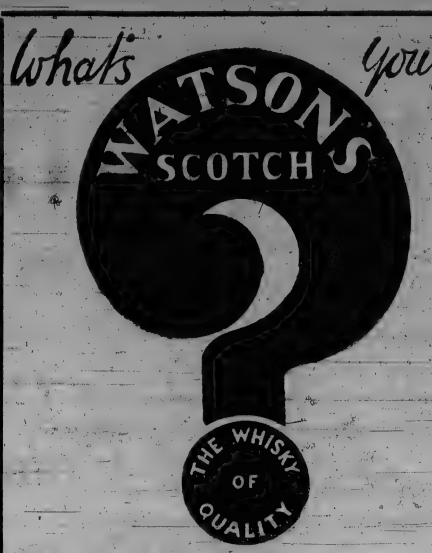

Messrs. William McBride, of Elgin, Elon B. Smith and S. H. Shannon, of Cloverdale, have been appointed dyking commissioners for the district in which they reside; in Dewdney (the new commissioners are Messrs. Harold Kennedy, John A. Taper and M. F. Shook.

Orders Gazetted.

This week's Gazette contains the Dominion orders-in-council dealing in detail with the recent applications of the Vancouver Power Co., in connection with the projected enlargement and extensions of their works.

Three real Chinese, with smiles in their hands and disappointment written large upon their usually impassive countenances stood outside the locked door of the provincial assessor's office at 5:15 last evening, and murmured mouthfuls of Oriental imprecations, the free and sterilized interpretation of which might be rendered as: "Too late!" The time had, with the closing of the official day, expired, during which the provident citizen might enjoy advantage of the 25 per cent discount for prompt payment of taxes. It will rest the shame-eyed ones just 25 per cent of whatever their tax bill amounts to to learn the good old lesson that "Procrastination is the thief of time."

All the week long the staff of Assessor Leeson has been working at overpressure, for the money has been descending upon them in a green and golden shower, the amount paid in being unprecedented in the history of the province. On Tuesday no less a sum than $110,000 represented the day's receipts at this one office alone, by far the record day's tax contribution ever received at the treasury. The total for the week cannot be made up for several days at the earliest, but will exceed a quarter of a million dollars. It is to be expected that when the weeks receipts are in at the treasury the credit of the province at the bank will far exceed even seven millions of money.

PROVINCIAL TAXES

Special Notice to Taxpayers

TAXPAYERS are hereby reminded that **Thursday, 30th June, 1910, is the last day** on which taxes must be paid to the collector in order to be allowed discount. By an amendment to the Assessment Act passed after all the tax notices were issued an alteration of the rate of discount is permitted, namely 25 per cent. discount is allowed on improved real property, personal property and income for the current year in place of the 10 per cent shown on the notices. When sending your tax to the collector **do not deduct** from the net amount shown on Form No. 3 an additional 15 per cent, **but deduct only 25 per cent from the total taxes** on improved real property, personal property and income. There is no alteration on the discount of ten per cent on wild land, coal land and timber land. See that the correct amount is sent exactly so that unnecessary correspondence may be avoided. No discount is allowed on arrears.

E. E. LEASON,
Assessor and Collector, Victoria Assessment District.
Victoria, 1st June, 1910.

THE COLONIST

Established 1858

The Leading Printers of British Columbia

Prices as low as consistent with first-class work. We have by far the largest and most complete office in British Columbia, comprising

Job Printing

Lithographing
Bookbinding
Photo Engraving
Copperplate Printing
Embossing
Label Printing and Varnishing

Work done by us in any of the above departments cannot be excelled throughout Canada. Our aim is to do only first-class work at reasonable prices. In fact we will not turn out a poor job. Our object is to retain our customers with the quality of our work and the very reasonable prices.

We carry by far the largest and most complete stock of Flat Papers and Envelopes in British Columbia, and are always prepared to execute anything in our line, whether it be a Visiting Card or Commercial Work of any kind, printed or lithographed; Pamphlets, large or small Labels, plain, colored or varnished; Ruling, Punching, Binding Law Books, Blank Books, large or small; also making cuts or designs, such as Line Drawings, Zinc or Copper Half-tones. Lithograph Maps equal to any that can be got from the Eastern cities.

We are sole agents for the Tengwell Loose-Leaf Files and Binders, also the celebrated Majestic Loose-Leaf Ledger, the best on the market.

If merchants and others that have been getting their supplies from the East would give us a chance to compete before sending their orders away, they will find the work can be done better at home and at the same price in equal quantities.

PRICES CLOSE AT THE LOW POINT

Needed Rains in Northwestern Crop Section Causes Fall in Wheat Values—Damage Is Exaggerated

CHICAGO, June 30.—There was talk in a good many quarters after the close yesterday and this morning that the market was likely to have a break of about 5 cents from the high point. It is a little singular that the extreme low point of the market today, which was 97¼ for September was exactly 5 cents under the extreme high figure two days ago. The market recovered less than 1 cent to 97⅝. Other months closed even nearer the bottom figures. The selling pressure began at the tap of the bell because the trade was in a bearish frame of mind, following the heavy and general liquidation sales of Wednesday and in addition to these, the trade had the good rainfall at several points in the northwest. John Inglis wire that while damage still continues in the dry sections, the indications were better for general rains than for some time. There was a violent break at Minneapolis on first trades. Some of the leaders in the northwest trade believe giving but less alarming reports on the general scor. It was the same thing over again, an exaggerated scare gone wrong and millions of wheat came on the market on the decline. The trade was in no position to act on anything that was less than sensational on the buying side. As a result, the liquidation has been very thorough.

NOTICE

"NAVIGABLE WATERS PROTECTION ACT."

NOTICE IS HEREBY GIVEN that the Victoria Dock Company, Limited, having its registered office in the City of Victoria, British Columbia, is applying to His Excellency the Governor-General of Canada in Council for approval of the area plans, site and description of works proposed to be constructed in the waters of the Victoria harbor, being on the lands situate lying and being in the city of Victoria aforesaid, and known, numbered and described as lot five, of block seventy, Victoria City, according to the official map thereof, and has deposited the area and site plans of the proposed works and a description thereof with the Minister of Public Works at Ottawa, and a duplicate thereof with the Registrar General of Titles in the Land Registry Office in the City of Victoria, British Columbia, and that the matter of the said application will be proceeded with at the expiration of one month from the time of the first publication of this notice in the "Canada Gazette."

Dated this second day of June, 1910.

VICTORIA DOCK COMPANY, LTD.

NOTICE

I, Alexander Simpson hereby give notice that one month from the date hereof I will apply to Superintendent of Provincial Police at Victoria, B. C., for a renewal of my license for selling intoxicating liquors at the premises known as the Half Way House hotel, situated at Esquimalt, in the district of Esquimalt, to commence on the 1st day of July, 1910, and for a transfer of the license to Charles Wesley Davey.

A. SIMPSON.

CANCELLATION OF RESERVE.

NOTICE is hereby given that the reserve existing in crown lands in the vicinity of Bubine Lake, situate in Range 5, Cost District, notice of which was published in the British Columbia Gazette, dated December 17th, 1908, is cancelled in so far as said reserve relates to lots numbered 1519, 1518, 1517, 1516, 1515, 1510, 1507, 1506, 1506A, 1503, 1501, 1502, 1512, 1511, 1505, 1504, 1513, 1514, 1509, 1508, 1530, 1527, 1523, 1529, 1531, 1532, 1533, 1534, 1535, 1537, 1539, 1536, 1538, 1540, 1541, 1544, 1543, 1545, 1546, 1542, 1547, 1548, 1549, 1550, 1520, 1521, 1522, 1523, 1524, 1525, 1526 and 1551.

CITY OF VICTORIA

A complete list of Local Improvement works, authorized by Bylaw, from time to time, will be kept posted on the Bulletin Board at the main entrance to the City Hall.

Re Paving of Fernwood Road Between Fort Street and Gladstone Avenue

The City Council having received a requisition under the provisions of Section 69, sub-section 148 of the Municipal Clauses Act, from a majority of the owners of property on Fernwood Road between Fort street and Gladstone avenue, that the said portion of Fernwood Road be paved with asphalt instead of with macadam as originally contemplated.

NOTICE IS HEREBY GIVEN under the provisions of sub-section 148 B of Section 69 of the Municipal Clauses Act, to the owners of property on said portion of Fernwood Road, who have not signed said requisition, that the City Council has determined that said work as requisitioned for be carried out.

The names of the owners of the property on said portion of Fernwood Road who have not signed the requisition and whose property will be assessed for the work, together with the estimated cost of the same, and the proportion thereof, proposed to be assessed against each such owner, are as follows:

The total estimated cost of the improvement is $19,680.00.

Names of Non-Requisitioners.	Property.	Portion of Assessment.
Emmanuel Baptist Church	N. E. Pt. Blk. 59, S. R.	$360.00
Angus McKeown	Lot 4 of Lot 36, Bk. 39, Fernwood	330.00
A. C. Grayson	Lots 25 and 26, Blk 24, Fernwood	300.00
Mrs. R. J. MacLaughlin	Lot 1, Bks. 3-8, Fernwood	414.00
John Creed (Senior)	Pt. Blk. 62, Fernwood	145.00
S. Perry Mills	Pt. Blk. 59, Fernwood	270.00
Sarah A. Moore	Pt. Blk. 60, Fernwood	287.25
J. McAllister	Lots 1-2, Bks. 58-59, Fernwood	318.00

WELLINGTON J. DOWLER, C. M. C.
City Clerk's Office, Victoria, B. C., June 25, 1910.

NOTICE

The Municipal Council of the Corporation of the City of Victoria, having determined that it is desirable:

1. To grade and macadamize Turner street between Esquimalt road and David street, and to construct permanent sidewalks of concrete on both sides of said street;

2. To grade, drain and macadamize with bitumen, Camosun street between Fandora avenue and Grant street, and construct permanent sidewalks on both sides of said street with curbs and gutters, including cost of lateral sewer surface drain, and water connections.

3. To grade and drain and pave with asphalt, McKenzie street, between Linden avenue and Moss street, and construct permanent sidewalks with curbs, gutters and boulevards (including maintenance) on both sides of said street; also lateral water and sewer connections, and to expropriate the necessary land to continue said street a uniform width of 66 feet to Linden avenue; and that the said work shall be carried out in accordance with the provisions of the Local Improvement General Bylaw, and amendments thereto, and the city engineer and city assessor having reported to the council in accordance with the provisions of section 4 of said bylaw, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the city engineer and city assessor as aforesaid having been adopted by the council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the council may by bylaw in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C.
City Clerk's Office, Victoria, B. C., June 23, 1910.

TO CONTRACTORS

Tenders will be received by the undersigned up to 4 p.m., Monday, July 4th, 1910, for the construction of a building in Beacon Hill Park in accordance with plans and specifications which can be seen at the office of the undersigned, to whom all tenders must be sent. CANCELLATION OF RESERVE.

NOTICE is hereby given that the Reserve existing on crown lands in the vicinity of Babine Lake, and situate in Cassiar District, notice of which bearing date June 30th, 1908, was published in the British Columbia Gazette, dated July 2nd, 1908, is cancelled.

ROBERT A. RENWICK,
Deputy Commissioner of Lands.

Lands Department, Victoria, B. C., June 16th, 1910.

NOTICE

In the Supreme Court of British Columbia.

In the Matter of the Estate of Lars J. Andersin, Deceased, Intestate

and

In the Matter of the Official Administrators Act;

NOTICE is hereby given that under an order granted by the Honorable Mr. Justice Gregory, dated the 4th day of June, A. D. 1910, I, the undersigned, was appointed administrator of the estate of the above deceased. All parties having claims against the said estate are requested to send particulars of same to me on or before the 4th day of July, 1910, and all persons indebted to the said estate are required to pay such indebtedness to me forthwith.

Dated at Victoria, B. C., this 8th day of June, 1910.

WM. MONTEITH,
Official Administrator.

NOTICE

TAKE NOTICE that the annual meeting of the shareholders of The Continental Power company, limited, will be held at the registered office of the company, No. 918 Government street in the City of Victoria, British Columbia, on Monday, the 18th day of July, 1910, at the hour of 2:30 o'clock in the afternoon.

Dated this 29th day of June, 1910.

M. A. MELLON, Secretary.

NOTICE

TAKE NOTICE, that I, S. Caffini, intend to apply to the Board of Licensing Commissioners of the city of Victoria, B. C., at the next sitting thereof, for a transfer of the liquor license now held by me in respect of the Albion saloon, situate on the corner of Yates street and Waddington Alley, Victoria, B. C., to D. McDonald and Alexander McLean.

Dated this 26th day of May, 1910.

S. CAFFINI,
Applicant.

CANCELLATION OF RESERVE

NOTICE is hereby given that the reserve established over those portions of Lot 170, Queen Charlotte District, by reason of the surrender of said portions out of special timber licenses Nos. 31948 and 31948, surveyed respectively as Lots 633 and 317, Queen Charlotte District, is cancelled for the purpose of effecting a sale of said Lot 170, Queen Charlotte District, comprising 36 acres, more or less, to the Pacific Coast Fisheries, Limited.

CABS

Do you know that our glass front carriages are at your disposal at the following charges—
FOUR PERSONS, single hour.... $2.00
FOUR PERSONS, an hour and a half or over, at, per hour $1.50
In four hours a party of four can see the principal points of interest in the City of Victoria for the moderate charge of $6.00.

VICTORIAS

If you wish, we can furnish a Victoria, at
PER HOUR $2.00
SINGLE HOUR $2.50
These vehicles carry three and are most suitable for ladies doing afternoon calling.

TALLY-HO'S

We have the only six-horse turnouts in Victoria. Driven by men who have had a life-long experience on the Cariboo Road and the White Pass & Yukon trails. These coaches leave the hotels at half past nine for the morning drive and two o'clock for the afternoon. All points of interest are covered and those in charge give the passengers a full explanation of everything that is considered of value to the tourist. The drive is about fourteen miles and takes from one and a half to two hours.

The fare is one dollar.

We have a small Tally-Ho built to carry a party of twelve, including the driver. For rates apply at the office.

FURNITURE TRUCKS

Furniture moving is an important undertaking. We have men who do nothing else. Our charges are—
BY THE HOUR $1.50
With an extra man to help, per hour $2.00

BAGGAGE AND EXPRESS

In this department prompt delivery is the important factor. If you are catching a steamer or train you like to know that your luggage or packages will be at the wharf or station in good time to depart with you. What is more annoying than searching for your belongings a minute before your steamer sails or your train pulls out. This is offset by our claim checks. Our drivers check your baggage at your residence. You present the claim check to the baggage-master—show your ticket—he then gives you the railway or steamer check and that is all. You then go on your way rejoicing. If we cannot attend to your order we will tell you and thus avoid suspense.

EXPRESS AND GENERAL DRAYAGE

We have 27 express and delivery wagons. For one of these we charge—
PER HOUR $1.00

LIVERY

Better single or double traps cannot be found on the Pacific coast.
SINGLE HORSE AND TRAP—
Morning $2.50
Afternoon $3.00

TEAMS

HALF A DAY $5.00
SATURDAY, SUNDAY and HOLIDAYS, half a day $7.50
For long distances the office will furnish particulars.

Tele 129 phone

BOARDERS

We board your horse, look after your trap and harness—
PER MONTH $25.00
Our object is to please our patrons. We are responsible to them as to safety or damage done to furniture or goods. Our drivers, we believe, are civil and careful and seldom knowingly overcharge. If by any chance a mistake occurs come to the office or notify us at once. In other words, give us an opportunity to put right anything that displeases you.

DAVID SPENCER, LIMITED.

READ OUR DAILY ANNOUNCEMENTS CAREFULLY

Our 32nd July Sale Starts on Saturday, the 2nd

We take great pleasure in the fact that our July Sales have been gaining in interest for the past 32 years, and many customers who attended our sales in the early days are attending them now, and do considerable of their shopping in July.

THOSE PLANNING TO DO MUCH SHOPPING IN JULY WILL READILY REALIZE THAT A GREAT TREAT IS IN STORE FOR THEM THIS YEAR

In preparing for our 32nd July Sale we feel that we are in an entirely different position than we were even a couple of years ago. The enormous increase of business done in our three stores has given us additional strength in the markets of the world—we are able to buy to a better advantage. In fact our English purchases have become so large that a buying office has been established in London, with agencies in Paris and Berlin. This is an important factor in merchandising, as it keeps us in close touch with the markets of Europe. This office is looked after by a member of the firm, and representatives are constantly visiting the different centres, making arrangements for a continual flow of merchandise to our Victoria, Vancouver and Nanaimo stores.

Everybody should realize the many advantages in getting trustworthy goods at low prices during this great July Sale.
